## Technical Information / Données techniques / Datos técnicos

Recommended water pressure	Pression d'eau recommandée	Presión recomendada en servicio	15 - 75 psi
Max. water pressure	Pression d'eau maximum	Presión en servicio max.	145 psi
Recommended hot water temp.	Température recommandée d'eau chaude	Temperatura recomendada del agua caliente	120° - 140° F*
Max. hot water temp	Température maximum d'eau chaude	Temperatura del agua caliente max.	176° F*
Flow rate - handshower	Capacité nominale - douchette	Caudal máximo - teleducha	2.5 gpm

\*Please know and follow all applicable local plumbing codes when setting the temperature on the water heater.

\* Vous devez connaître et respecter tous les codes de plomberie locaux applicables pour le réglage de la température du chauffe-eau.

\*Debe conocer y cumplir todos los códigos locales aplicables para ajustar la temperatura del calentador de agua.

## **Installation Considerations**

- For best results, Hansgrohe recommends that this unit be installed by a licensed, professional plumber.
- Please read over these instructions thoroughly before beginning installation. Make sure that you have all tools and supplies needed to complete the installation.
- This trim kit requires rough valve 13444181 and mounting plate 39449001 (not included).
- The rough valve and mounting plate must be installed, and the mounting surface complete and made watertight before installation of this trim kit.
- This unit is not anti-scald. If required by local plumbing code, install this unit in combination with an approved remote pressure balance valve or other approved device.
- Protection against backflow is provided by a check valve and by a self-resetting diverter.
- Keep this booklet and the receipt (or other proof of date and place of purchase) for this product in a safe place. The receipt is required should it be necessary to request warranty parts.

## **À prendre en considération pour l'installation**

- Pour de meilleurs résultats, Hansgrohe recommande que ce produit soit installé par un plombier professionnel licencié.
- Veuillez lire attentivement ces instructions avant de procéder à l'installation. Assurez-vous de disposer de tous les outils et du matériel nécessaires pour l'installation.
- L'ensembles de robinetterie requièrent l'utilisation de la pièce de surface 13444181 et kit de montage 39449001 (non comprise).
- La protection contre le retour d'eau est assurée par un clapet de non-retour dans le coude de la

douche et un dispositif de dérivation à réenclenchement automatique.

- Ce produit ne possède pas de dispositif anti-brûlure. Installez une vanne à pression autorégulée externe approuvée ou tout autre dispositif anti-brûlure approuvé, tel que requis par le code de plomberie local.
- Conservez ce livret et le reçu (ou une autre preuve sur laquelle figurent la date et l'endroit de l'achat) pour ce produit dans un endroit sûr. Le reçu est requis si vous commandez des pièces sous garantie.

## **Consideraciones para la instalación**

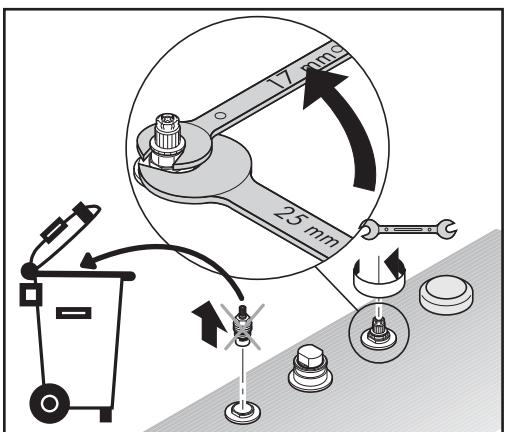

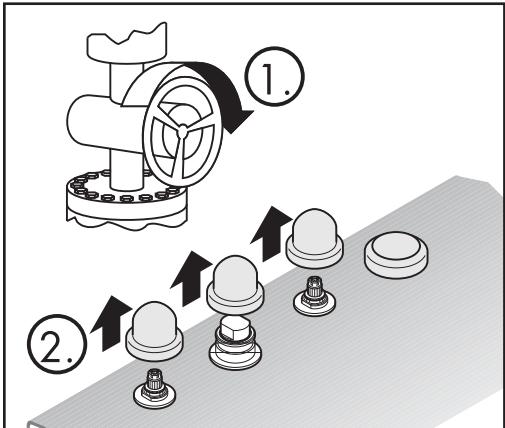

- Para obtener mejores resultados, la instalación debe estar a cargo de un plomero profesional matriculado.
- Antes de comenzar la instalación, lea estas instrucciones detenidamente. Asegúrese de tener las herramientas y los insumos necesarios para completar la instalación.
- Este grifo requiere tuberías de suministro de agua caliente y fría de  $\frac{1}{2}$ " (no incluidas).
- El juego de pieza exterior requiere la pieza interior 13444181 y set de montaje 39449001 (no incluidos).

- Una válvula de retención en el codo de la ducha de mano y un distribuidor que se reajusta automáticamente brindan protección contra el contraflujo.
- Esta unidad no es anti-escaladadura. Instale una válvula remota de balance de presiones aprobada u otro dispositivo anti-escaladadura aprobado si el código de plomería local lo requiere.
- Mantenga este folleto y el recibo (u otro comprobante del lugar y fecha de compra) de este producto en lugar seguro. El recibo se requiere en caso de ser necesario solicitar piezas bajo garantía.

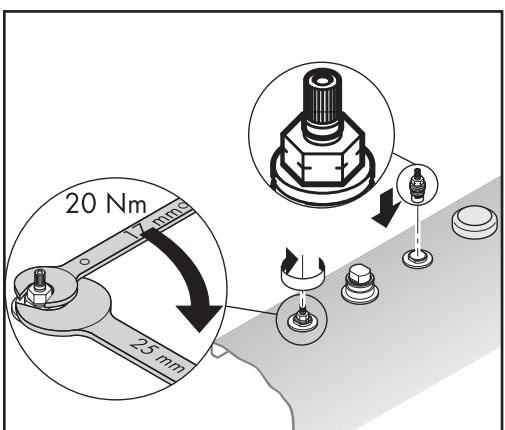

## Installation

Turn off the water at the main before beginning.

Remove the plaster shields.

Remove the cartridges.

Install the cartridges included with the trim kit.

The cold cartridges has notches on the wrench flats.

**! Do not overtighten the new cartridges.**

**Installation**

Avant de commencer, fermez l'eau à la valve principale!

Retirez les protecteurs.

Retirez les cartouches.

Installez les nouvelles cartouches.

La cartouche froide a des encoches.

**Ne pas resserrez les cartouches trop.**

**Instalación**

Cierre el paso del agua en la entrada del suministro antes de comenzar!

Retire los protectores de yeso.

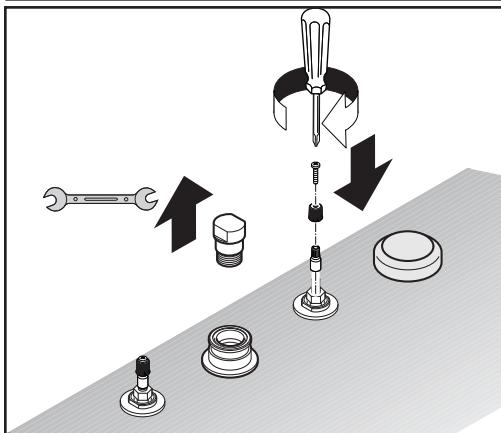

Retire los cartuchos.

Instale los cartuchos nuevos.

El cartucho frío tiene muescas.

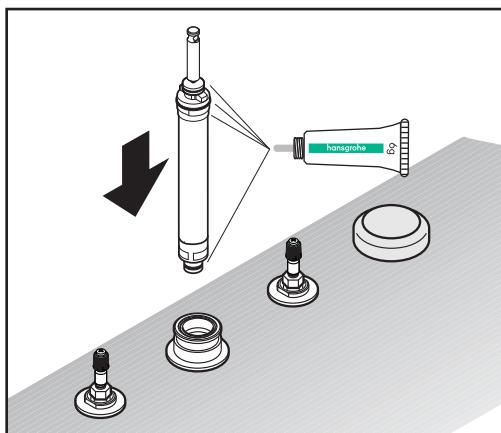

**No apriete los cartuchos demasiado.**

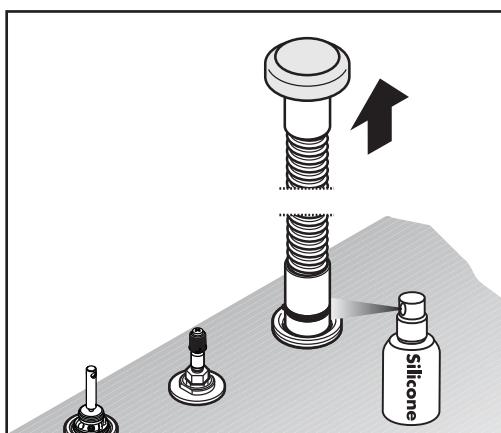

Install the stem extensions and snap connectors.

Remove the plug from the diverter housing.

Lightly lubricate the o-rings on the diverter using white plumbers grease.

Install the diverter.

Pull the Secuflex hose out of the rough.

Lubricate the end of the hose using silicone spray.

## Français

Installez les connecteurs de poignée à encliquer.

Retirez le bouchon du raccord en T.

Lubrifiez les joints toriques du dispositif de dérivation à l'aide de graisse de plomberie blanche (non comprise).

Appuyez fermement sur l'assemblage du dispositif de dérivation pour l'insérer dans le raccord en T.

Retirez le Secuflex tube fléxible.

Lubrifiez la fin du tuyau à l'aide de spray de silicone.

## Español

Instale los conectores a presión del mango.

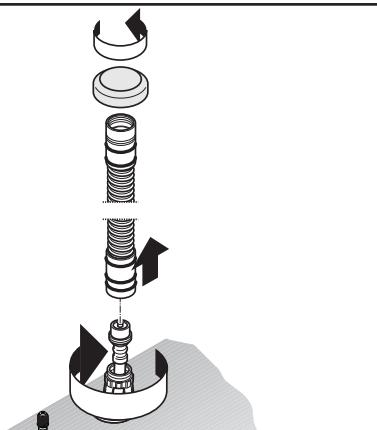

Retire el tapón del tubo en "T".

Lubrique los retenes anulares del distribuidor con grasa blanca para plomería (no incluida).

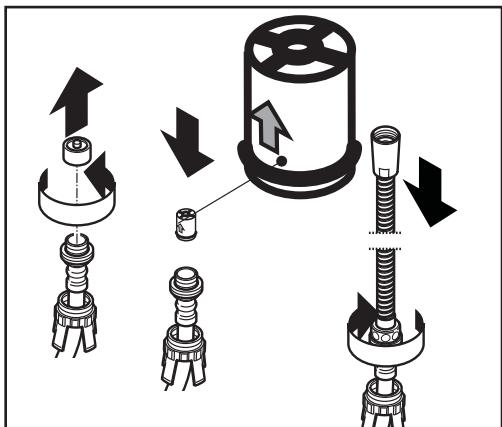

Presione el conjunto del distribuidor firmemente en el tubo en "T".

Retire el flexo Secuflex.

Lubrique levemente el fin del tubo con silicona.

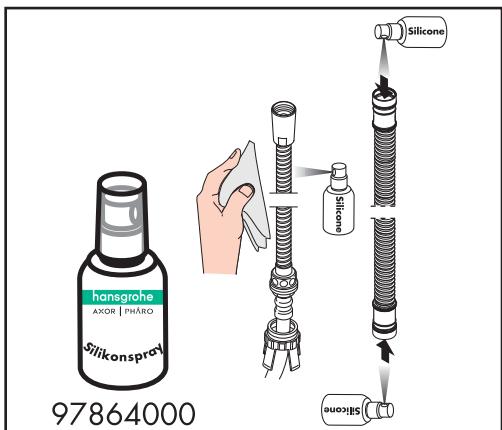

Disconnect the Secuflex hose from the high pressure hose.

Remove the brass plug from the high pressure hose.

Install the check valve.

Install the handshower hose on the high pressure hose.

Lubricate the handshower hose using silicone spray.

Lubricate the ends of the Secuflex hose using silicone spray.

## Français

Débranchez le Secuflex tube fléxible de le tuyau de haut pression.

Enlevez le bouchon de cuivre de le tuyau de haut pression.

Installez la clapet de non-retour.

Installez le tuyau de douchette sur le tuyau de haut pression.

Lubrifiez le tuyau de la douchette à l'aide de spray de silicone.

Lubrifiez le tuyau Secuflex à l'aide de spray de silicone.

## Español

Desconecte el tubo de Secuflex del tubo de alto presión.

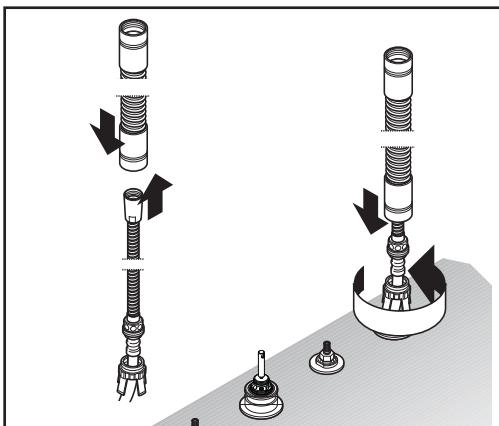

Quite el tapón de cobre del tubo de alto presión.

Instale la válvula antirretorno.

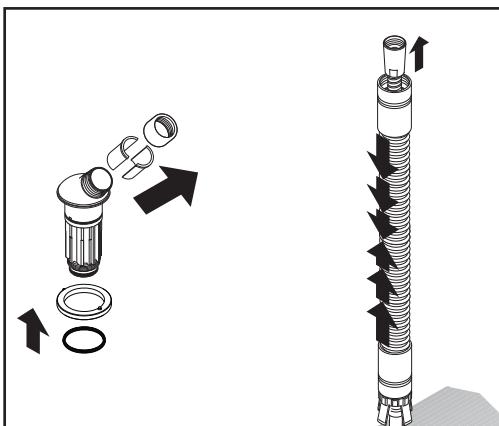

Instale la manguera sobre el tubo de alto presión.

Lubrifique la manguera con silicona.

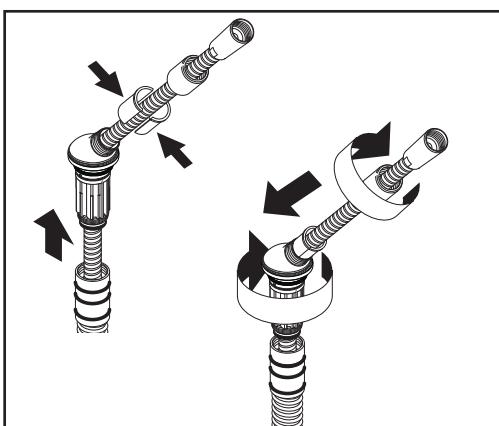

Lubrifique el flexo Secuflex con silicona.

Push the handshower hose through the Secuflex hose.  
Secure the Secuflex hose using the white plastic nut.

Remove the nut and hose guide from the handshower holder.  
Push the handshower hose through the holder.

Install the hose guide  
Tighten the nut.

## Français

Poussez le tuyau de douchette par le tuyau Secuflex.

Connectez le Secuflex tube fléxible qui utilise l'écrou en plastique blanc.

Retirez le guide de tuyau et l'écrou du porte-douchette.

Poussez le tuyau douchette par le support.

Installez le guide de tuyau.

Serrez l'écrou.

## Español

Empuje la manguera por el flexo Secuflex.

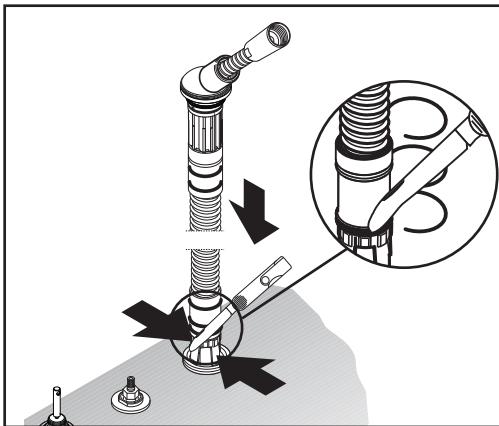

Conecte el flexo Secuflex con la tuerca de plástico blanca.

Retire el guía de la manguera y la tuerca del soporte de teleducha.

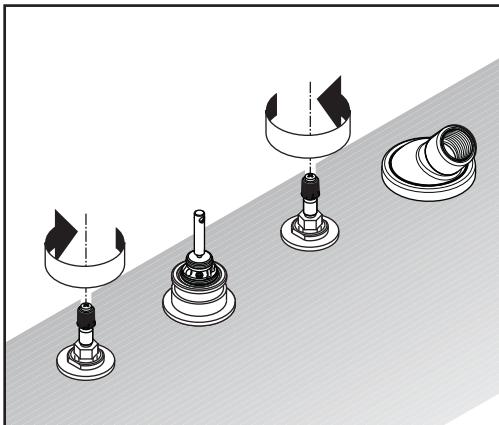

Empuje la manguera por el soporte.

Instale al guía de tubo.

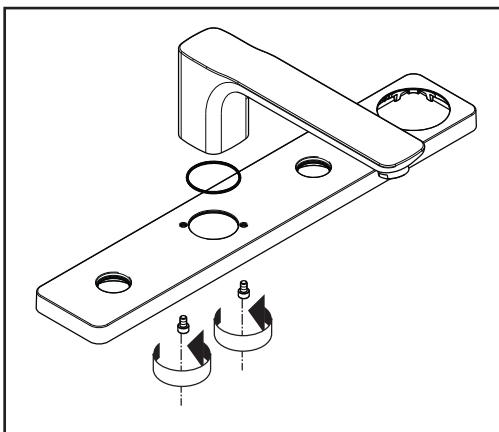

Apriete la tuerca.

Remove the o-rings from the end of the Secuflex hose.

Close the valves.

Connect the spout to the baseplate.

## **Français**

Retirez les joints toriques de la fin du Secuflex tube fléxible.

## **Español**

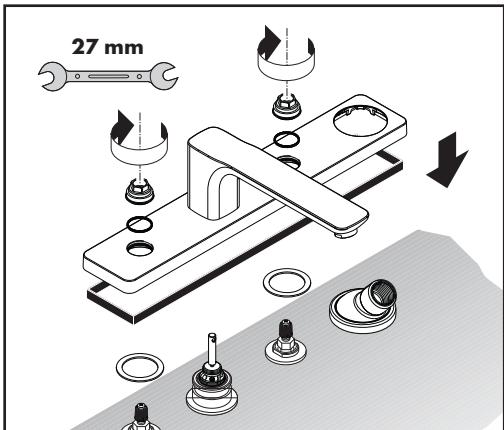

Retire las juntas toroidales del fin del flexo Secuflex.

Fermez les robinets.

Cierre las válvulas.

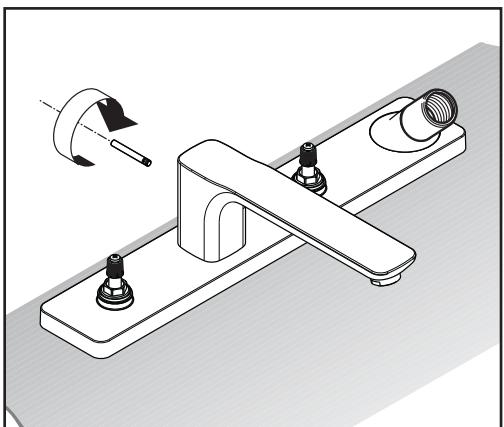

Connectez le bec sur le rosace.

Conecte el surtidor al florón.

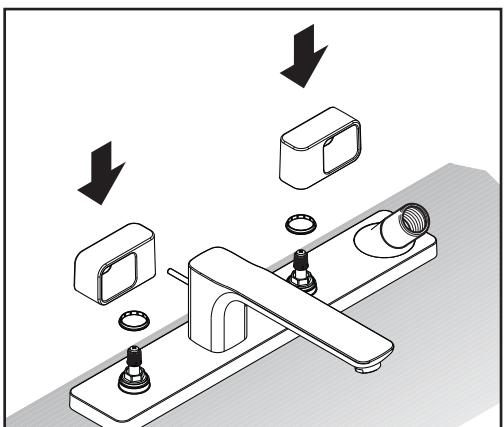

Install the washers and baseplate over the rough.

Install the nuts.

Install the diverter rod.

Install the glide rings and handles.

## **Français**

Installez la rosace.

Inextallez les écrous.

## **Español**

Instale las arandelas y el florón.

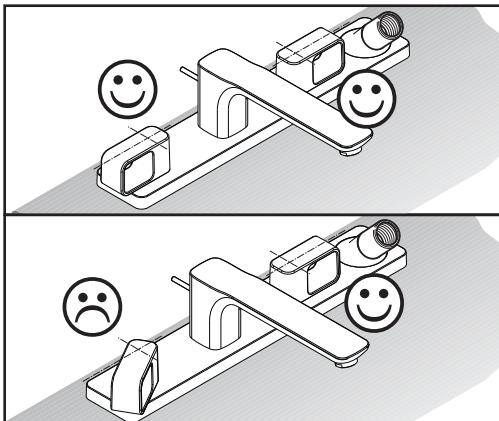

Instale las tuercas.

Installez la tirette.

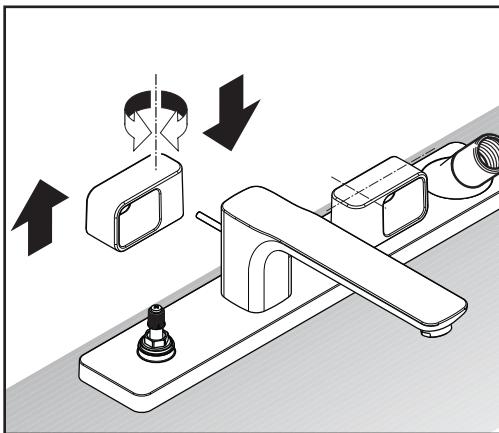

Instale el tirador.

Installez les poignées.

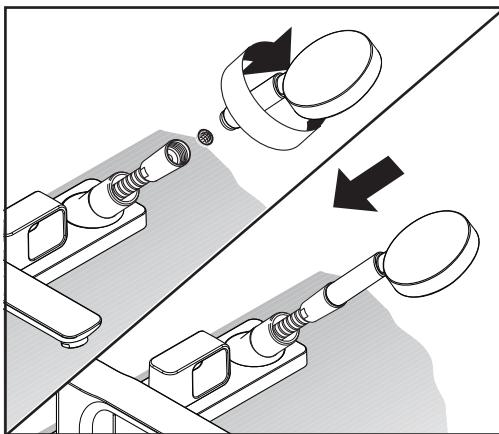

Instale las manijas.

Inspect the alignment of the handles.

If it is not satisfactory, remove and reinstall the handle(s).

Install the screen washer in the end of the handshower hose.

Connect the hose to the handshower.

Rest the handshower in the holder.

## Français

Vérifiez l'alignement des poignées.

## Español

Inspeccione la alineación de las manijas.

Si l'alignement n'est pas satisfaisant, retirez et réinstallez la poignée.

Si la alineación no es satisfactoria, retire la manija y reinstálela.

Installez le tamis sur le tuyau de douchette.

Installez la douchette.

Guidez la douchette dans le support.

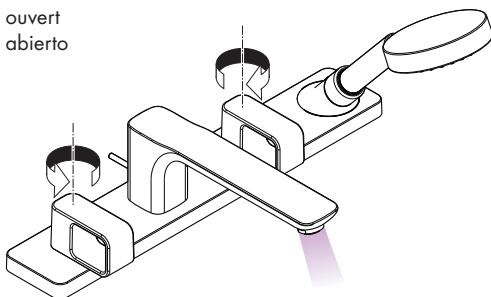

Coloque la arandela de filtro en el extremo de la manguera.

Acople este extremo a la ducha de mano.

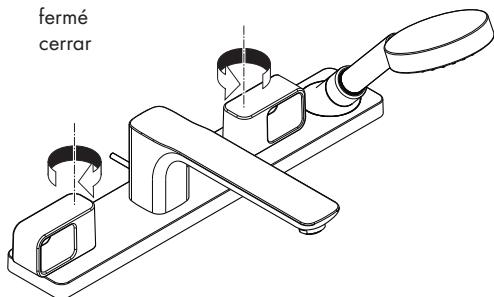

Apoye la ducha de mano en el soporte.

**Reassembly – see page 8**

**Remontage - voir la page 8**

**Nuevo montaje - ver la página 8**

#### **Secuflex Maintenance**

- Repeat the cleaning and lubrication if pull-out becomes difficult – see page 8.

#### **Entretien Secuflex tube fléxible**

- Répétez cette action lorsque l'extraction devient difficile – voir la page 8.

#### **Mantenimiento Flexo Secuflex**

- Repetir la limpieza, cuando el tiempo aumenta la resistencia al extraerlo – ver la página 8.

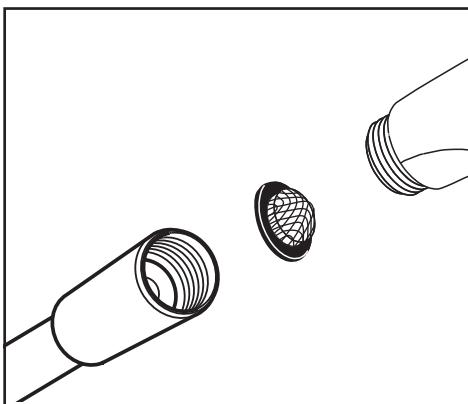

## Cleaning / Nettoyage / Limpiar

Remove scale deposits from the spray channels by rubbing across them with fingers or a sponge.

Si les canaux de jet deviennent entartrés, frottez-les avec les doigts ou à l'aide d'une éponge pour en déloger les dépôts.

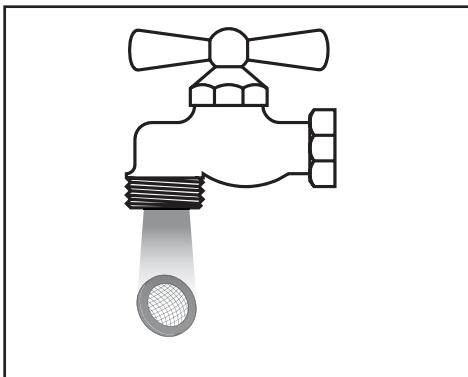

Elimine los depósitos calcificados de los canales de rociado frotándolos con los dedos o una esponja.

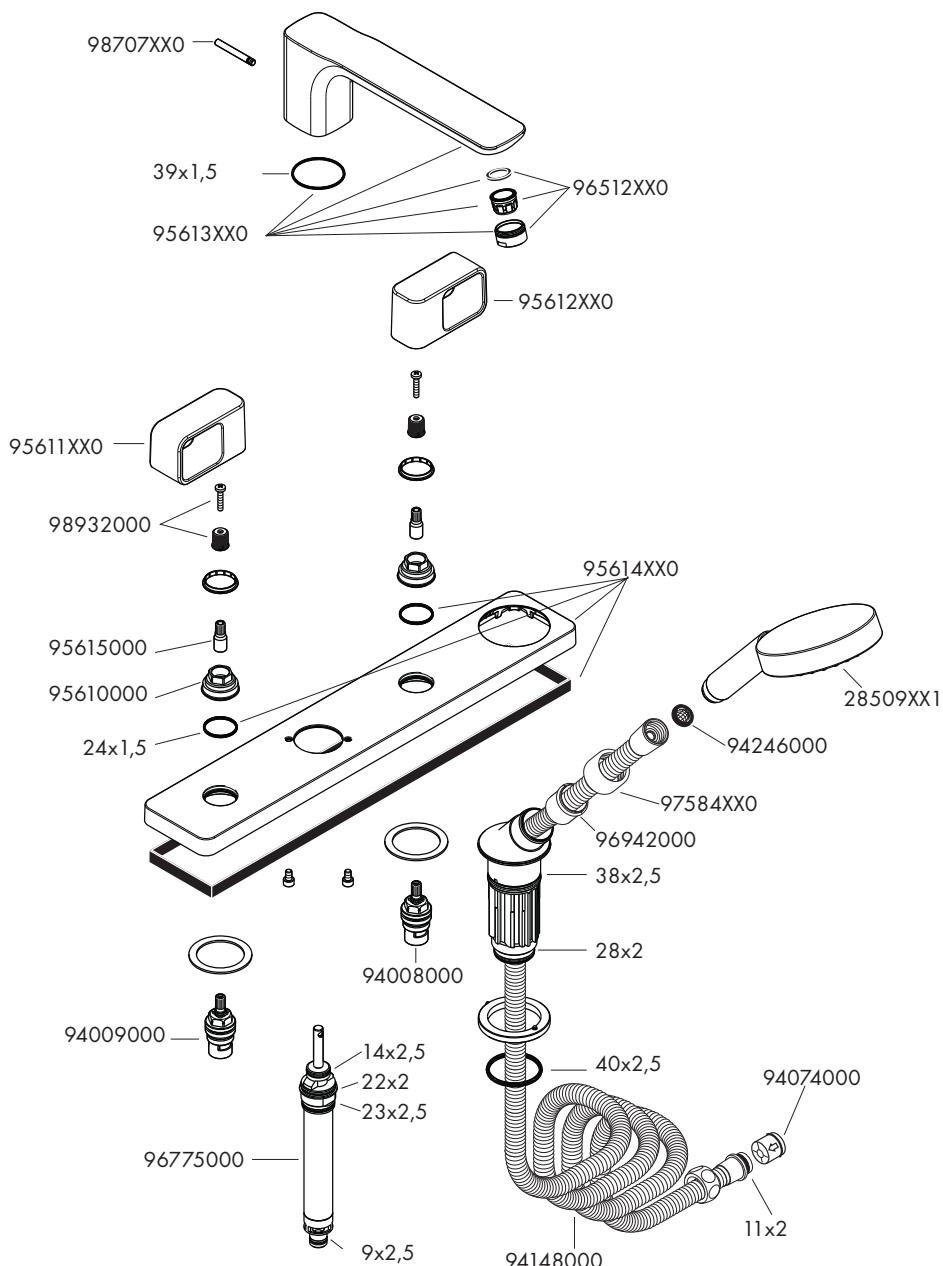

If the flow of water decreases over time, clean the filter.

Si le débit d'eau diminue au fil du temps, retirez le filtre et nettoyez-le.

Si el caudal de agua disminuye con el tiempo, lave el filtro.

## Replacement Parts / Pièces détachées / Repuestos

## **Cleaning Recommendation for Hansgrohe Products**

Modern lavatory faucets, kitchen faucets, and showers consist of very different materials to comply with the needs of the market with regard to design and functionality. To avoid damage and returns, it is necessary to consider certain criteria when cleaning.

### **Cleaning Materials for Faucets and Showers**

Acids are a necessary ingredient of cleaning materials for removing lime, however please pay attention to the following points when cleaning faucets and showers:

- Only use cleaning materials which are explicitly intended for this type of application.
- Never use cleaning materials which contain hydrochloric, formic, phosphoric, or acetic acid, as they cause considerable damage.
- Never mix one cleaning material with another.
- Never use cleaning materials or appliances with an abrasive effect, such as unsuitable cleaning powders, sponge pads, or micro fiber cloths.

### **Cleaning Instructions for Faucets and Showers**

Please follow the cleaning material manufacturer's instructions. In addition, pay attention to the following points:

- Clean the faucets and showers as and when required
- Use the amount of cleaning product and the amount of time recommended by the manufacturer. Do not leave the cleaner on the fixture longer than necessary.
- Regular cleaning can prevent calcification.
- When using spray cleaners, spray first onto a soft cloth or sponge. Never spray directly onto the faucet as droplets can enter openings and gaps and cause damage.
- After cleaning, rinse thoroughly with clean water to remove any cleaner residue.

### **Important**

Residues of liquid soaps, shampoos, and shower foams can also cause damage, so rinse with clean water after using.

**Please note:** if the surface is already damaged, the effect of cleaning materials will cause further damage.

**Components with damaged surfaces must be replaced or injury could result.**

**Damage caused by improper treatment is not covered under the warranty.**

# **Recommandations pour le nettoyage des produits Hansgrohe**

Les robinetteries modernes de lavabo, de cuisine et de douche utilisent des matériaux très différents pour répondre aux besoins du marché en termes de conception et de fonctionnalité. Certaines règles de base doivent être respectées lors du nettoyage de ces produits afin d'éviter de les endommager ou d'avoir à les retourner.

## **Produits de nettoyage pour robinetteries et douches**

Les acides sont une partie intégrante nécessaire de tous les produits de détartrage; il faut cependant prendre les précautions suivantes lors du nettoyage des robinets et des douches :

- N'utilisez que des produits/articles de nettoyage conçus spécifiquement pour les articles de robinetterie et de douche.
- N'utilisez jamais de produits/articles de nettoyage contenant de l'acide chlorhydrique, formique, phosphorique ou acétique car ils pourraient causer des dommages considérables.
- Ne mélangez jamais deux produits de nettoyage.
- N'utilisez jamais de produits/articles de nettoyage de nature abrasive tels que poudres de nettoyage, tampons-éponge ou chiffons microfibre non appropriés.

## **Instructions de nettoyage pour robinetteries et douches**

Veuillez suivre les instructions du fabricant de produits/articles de nettoyage. De plus, tenez compte des conseils suivants :

Nettoyez vos produits de robinetterie et de douche aussi souvent que nécessaire.

- Utilisez la quantité de produit nettoyant et respectez la durée recommandée par le fabricant. Ne laissez pas le produit sur les articles de robinetterie plus longtemps que nécessaire.
- Un nettoyage régulier peut prévenir la formation de dépôts calcaires.
- Si vous utilisez des nettoyants en vaporisateur, vaporisez d'abord sur une éponge ou un chiffon. Ne vaporisez jamais directement sur un robinet : des gouttelettes pourraient s'infiltrer dans les ouvertures et les interstices et endommager celui-ci.
- Après le nettoyage, rincez abondamment avec de l'eau propre pour éliminer tout résidu de produit nettoyant.

## **Important**

Les résidus de savon liquide, de shampoing et de mousse pour la douche peuvent également endommager la robinetterie; rincez donc avec de l'eau propre après utilisation de ces produits.

**Veuillez noter :** si la surface est déjà endommagée, les produits de nettoyage l'endommageront encore plus.

**Les composants dont la surface est endommagée devraient être remplacés sous peine d'entraîner des blessures.**

**Les dommages dus à un mauvais traitement ne sont pas couverts par la garantie.**

## **Recomendación de limpieza para los productos de Hansgrohe**

Hoy en día, las griferías de baño y de cocina así como duchas modernas se componen de materiales muy distintos para satisfacer las exigencias del mercado respecto al diseño y la funcionalidad. Para evitar daños reclamaciones hay que tener en cuenta ciertos aspectos tanto en el uso como en su limpieza posterior.

### **Para elucidado de las griferías y las duchas en principio hay que seguir lo siguiente:**

- Usar sólo detergentes previstos específicamente para este campo de aplicación.
- No aplicar detergentes que contengan hipoclorito sódico, ácido clorhídrico, fórmico o acético porque pueden causar daños importantes.
- Detergentes que contienen ácido fosfórico tampoco pueden ser aplicados ilimitadamente.
- Por regla general no se deben mezclar detergentes.
- Tampoco se deben utilizar utensilios abrasivos, como son polvos abrasivos, esponjas o paños de microfibra.
- Si tienen que seguir siempre las instrucciones de uso de los fabricantes de los detergentes.
- La limpieza tiene que ser realizada según la dosificación y el tiempo de actuación, en función del objeto y ajustada a las necesidades específicas del mismo.
- Gracias a una limpieza periódica se pueden evitar las incrustaciones de cal.
- No conviene rociar el detergente en ningún caso sobre la grifería sino sobre los textiles y ejecutar la limpieza así porque el líquido puede entrar en aperturas o hendiduras de la grifería y causar daños.
- Después de la limpieza hay que aclarar con suficiente agua para eliminar completamente el resto de detergente.
- La utilización de limpiadores a vapor no está permitida, las altas temperaturas pueden dañar los productos.

### **Indicaciones importantes**

Los residuos de productos de aseo como jabón líquido, champús y gel de ducha pueden dañar también los materiales.

Por lo que también se deberá prestar atención a lo siguiente: aclarar con abundante agua después del uso.

Con materiales ya dañados la acción de detergentes incrementará el desgaste de estos.

**Los componentes con superficies dañadas deberán cambiarse, en otro caso se corre el peligro de lesionarse.**

**Los daños que resulten de un uso inadecuado no están incluidos en nuestra garantía.**

## **Limited Lifetime Consumer Warranty**

This product has been manufactured and tested to the highest quality standards by Hansgrohe, Inc. ("Hansgrohe"). This warranty is limited to Hansgrohe products which are purchased by a consumer in the United States after March 1, 1996, and installed in either the United States or Canada.

### **WHO IS COVERED BY THE WARRANTY**

This warranty extends to the original consumer purchaser only. This warranty is non-transferable.

### **WHAT IS COVERED BY THE WARRANTY**

This warranty covers only your Hansgrohe manufactured product. Hansgrohe warrants this product against defects in material or workmanship as follows: Hansgrohe will repair at no charge for parts only or, at its option, replace any product or part of the product that proves defective because of improper workmanship and/or material, under normal installation, use, service and maintenance. If Hansgrohe is unable to provide a replacement and repair is not practical or cannot be timely made, Hansgrohe may elect to refund the purchase price in exchange for the return of the product.

### **LENGTH OF WARRANTY**

Replacement or repaired parts of products will be covered for the term of this warranty as stated in the following two sentences. If you are a consumer who purchased the product for use primarily for personal, family, or household purposes, this warranty extends for as long as you own the product and the home in which the product is originally installed. If you purchased the product for use primarily for any other purpose, including, without limitation, a commercial purpose, this warranty extends only (i) for 1 year, with respect to Hansgrohe and Commercial products, and (ii) for 5 years, with respect to AXOR products.

### **THIS WARRANTY DOES NOT COVER, AND HANSGROHE WILL NOT PAY FOR:**

- A. Conditions, malfunctions or damage not resulting from defects in material or workmanship.
- B. Conditions, malfunctions or damage resulting from (1) normal wear and tear, improper installation, improper maintenance, misuse, abuse, negligence, accident or alteration, or (2) the use of abrasive or caustic cleaning agents or "no-rinse" cleaning products, or the use of the product in any manner contrary to the product instructions. (3) Conditions in the home such as excessive water pressure or corrosion.
- C. Labor or other expenses for the disconnection, deinstallation, or return of the product for warranty service, or for installation or reinstallation of the product (including but not limited to proper packaging and shipping costs), or for installation or reinstallation of the product.
- D. Accessories, connected materials and products, or related products not manufactured by Hansgrohe.

### **TO OBTAIN WARRANTY PARTS OR INFORMATION**

Contact your Hansgrohe retailer, or contact Technical Service at:

Hansgrohe Inc.  
1492 Bluegrass Lakes Parkway  
Alpharetta GA 30004  
Toll-free (800) 334-0455.

In requesting warranty service, you will need to provide

1. The sales receipt or other evidence of the date and place of purchase.
2. A description of the problem.
3. Delivery of the product or the defective part, postage prepaid and carefully packed and insured, to Hansgrohe Inc. 1492 Bluegrass Lakes Parkway, Alpharetta, Georgia 30004, Attention: Technical Service, if required by Hansgrohe.

When warranty service is completed, any repaired or replacement product or part will be returned to you postage prepaid.

### **EXCLUSIONS AND LIMITATIONS**

REPAIR OR REPLACEMENT (OR, IN LIMITED CIRCUMSTANCES, REFUND OF THE PURCHASE PRICE) AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE PURCHASER. HANSGROHE NEITHER ASSUMES NOR AUTHORIZES ANY PERSON TO CREATE FOR IT ANY OBLIGATION OR LIABILITY IN CONNECTION WITH THIS PRODUCT.

HANSGROHE SHALL NOT BE LIABLE TO PURCHASER OR ANY PERSON FOR ANY INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES, ARISING OUT OF BREACH OF THIS WARRANTY OR ANY IMPLIED WARRANTY (INCLUDING MERCHANTABILITY).

Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may have other rights which vary from State to State. You may be required by law to give us a reasonable opportunity to correct or cure any failure to comply before you can bring any action in court against us under the Magnuson-Moss Warranty Act.

#### PRODUCT INSTRUCTIONS AND QUESTIONS

Upon purchase or prior to installation, please carefully inspect your Hansgrohe product for any damage or visible defect. Prior to installing, always carefully study the enclosed instructions on the proper installation and the care and maintenance of the product. If you have questions at any time about the use, installation, or performance of your Hansgrohe product, or this warranty, please call or write to us or call us toll-free at 800 334 0455.
