

1-3/16"

A technical drawing of an L-shaped part. The part consists of a horizontal flange and a vertical stem. The flange has a width of 1-3/16 inches and a thickness of 1-11/16 inches. The stem is attached to the center of the flange and has a height of 1-11/16 inches. The drawing uses black lines on a white background. Dimension lines with arrows indicate the measurements.
