Merchandising materials and samples are for general reference only and representative of a product's potential characteristics. Tile is subject to variation in color/shade, size, texture, and finish. Field, mosaic and trim tile may not match exactly. Blend tiles from different boxes to achieve consistent shade distribution. Installer and end user must conduct a dry mock layout under proper lighting conditions to inspect the product. Installation constitutes product acceptance. Improper installation, application, use, care and maintenance voids warranty. Reference the TCNA Handbook and ANSI for installation guidance.
