## LEGEND

- ☐ Product rated for Interior & Exterior use
- Product rated for Interior use only
- † May be suitable for Exterior Floors
- Ø Applications & ANSI Technical Specifications do not apply
- \* Special Order only

If the product has a mesh-mounted back, it cannot be installed in submerged areas. For installation of all polished, polished glazed, lappato, and honed porcelain/ceramic tiles, use a grout release prior to grouting to prevent absorption of the grout into the tile's micropores. Use a grout color that matches the predominant color of the tile. Refer to grout manufacturer's specifications to ensure use of proper grout. Refer to tile manufacturer's specifications to determine if the polished or honed tile is appropriate for commercial applications. Tiles with a polished finish are not appropriate for wet or exterior floor applications. Do not use acidic cleaners. Merchandising materials and samples are for general reference only and representative of a product's potential characteristics. Tile is subject to variation in color/shade, size, texture, and finish. Field, mosaic and trim tile may not match exactly. Blend tiles from different boxes to achieve consistent shade distribution. Installer and end user must conduct a dry mock layout under proper lighting conditions to inspect the product. Installation constitutes acceptance of the product. Reference the TCNA, ANSI, Manufacturer's specifications, and Bedrosians Care & Maintenance Guide. Improper installation, application, use, care and maintenance voids warranty. We reserve the right to make product changes without notice. Please visit [bedrosians.com](http://bedrosians.com) for current product information.
