PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS: UL.COM/IGG UL 2818

Bedrosians® offers to its immediate and direct customer a nontransferable 10 Year Limited Warranty on all Magnifica® Encore 12mm and 2cm 60" x 126" or 60"x127" porcelain panels sold on or after April 1, 2018. No registration is required, however, customer must provide proof of purchase via an original invoice. Please reference the Magnifica® Limited Warranty online for detailed information.

For warranty to apply, the Magnifica® Encore installer must complete an ANSI A108.19 specified qualification program prior to fabricating and installing the panels and the panels must be installed in accordance with TCNA guidelines, ANSI 108.19, and all of the manufacturer's written instructions.

For installation of all polished, satin, or honed porcelain, use a grout release prior to grouting to prevent absorption of the grout into the tile's micropores. We recommend use of a grout color that matches the predominant color of the tile. Tiles with a polished finish are not appropriate for wet or exterior floor applications. Do not use acidic cleaners.

Merchandising materials and samples are for general reference only and representative of a product's potential characteristics. Tile is subject to variation in color/shade, size, texture, and finish. Field, mosaic and trim tile may not match exactly. Blend tiles from different boxes to achieve consistent shade distribution. Installer and end user must conduct a dry mock layout under proper lighting conditions to inspect the product. Installation constitutes product acceptance. Improper installation, application, use, care and maintenance voids warranty. Reference the TCNA Handbook and ANSI for installation guidance. Please visit bedrosians.com for current product information. We reserve the right to make product changes at any time without notice.
