

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**WARNING:** TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE.

**NOTES:** 1. Before installing, consult local electrical codes for wiring and grounding requirements.  
2. Read and save these instructions.

## Hardware Package (included):

Mounting Plate Unit (A)

Mounting Screw (B)

Wire Connector (C)

Bolt Nut (D)

## Installation Steps

Turn off the power at fuse or circuit box

1. Unscrew the two bolt nuts (D), remove the mounting plate unit (A) from the backplate.
2. Attach the mounting plate unit (A) to the outlet box by using two mounting screws (B).  
**Note:** Make sure that two set holes are lined up horizontally to make the fixture level.

3. Pull out the source wires from the outlet box. Make wire connections using wire connectors (C) as follows:
  - Connect the hot wire (black insulation) from the fixture to the black wire from the power source.
  - Connect the neutral wire (white insulation) from the fixture to the white wire from the power source.
  - Attach the fixture ground wire (bare wire) to the mounting plate unit (A) with the green ground screw, then connect it to the house ground wire with the wire connector (C).
 Carefully put all of the wires back into the outlet box.
4. Attach the backplate of the fixture to the mounting plate unit (A) by aligning and inserting the two fixture mounting screws into set holes on backplate, then secure it with two bolt nuts (D).
5. Install 2 x 40W Max. candelabra bulbs (not included). Check relamping label at socket area or packaging for maximum wattage allowed.
6. Attach the glass shade to the fixture, and secure them.

Turn on the power at fuse or circuit box

The following parts are available for re-order if damaged or missing.

**Spare Parts List:**

1 Year Warranty

*Exclusions: This warranty does not include the failure of products from extreme acts of nature; environmental conditions not suited for the products intended use; operation in temperatures outside of the range specified in the instruction manual; usage with improper power supply, power surges or dips. For coastal locations, some corrosion is considered normal for the environment.*
