

EMPEROR WPD39M SERIES RANGE HOOD

Especially designed to be installed outdoors in a covered patio or lanai area. For use over residential commercial-style cooking surfaces or gas and electric grills. This unit is not for use with a charcoal grill. A complete installation requires several optional components. Refer to page 2 when planning your installation.

FEATURES

- Professional outdoor design.
- 30-inch depth handles heat and size of large outdoor grills (optional 3" wall extension to increase depth to 33").
- Brushed corrosion resistant 304 Stainless Steel.
- Four widths: 36, 42, 48, and 60 inches.
- Bright halogen lighting (2 x 50 watt GU10 for 36-in. & 42-in. hoods, 3 x 50 watt GU10 for 48-in. & 60-in. hoods) (bulbs included).
- Variable-speed rotary control with separate ON/OFF - for last setting memory - tested to assure operation in corrosive environments.
- 304 Stainless Steel baffle filters - easily accessible and dishwasher-safe.
- Removable grease tray.
- Grease rail and tray feature non-stick coating for ease of cleaning.
- Designed for use with interior blower Model P12 (1200 CFM), in-line blower Model ILB11, or exterior blower Models EB12 or EB15. (All blowers - purchased separately.)
- Heat Sentry™ detects excessive heat and adjusts blower speed automatically to prevent damaging effects of high heat.
- UL and cUL listed for use in damp locations when properly connected to a GFCI circuit.

SPECIFICATIONS

VOLTS	HZ	AMPS	DUCT
120	60	1.4 (without blower)	10-in. ROUND
