If the Big Ass Fans Technical Service Representative determines that the warranty claim may be valid and that a replacement part or product is required, he or she will process the claim. You will be responsible for shipping the product and all insurance, freight, or other transportation charges to the relevant Big Ass Fans Service Center. Your product should be properly packed to avoid damage in transit since Big Ass Fans will not be responsible for such damage.

Big Ass Fans will ship the repaired product or replacement to you at no charge; however, you are responsible for the cost of removal and reinstallation. Big Ass Fans reserves the right to use refurbished components in the repair of your fan.

CONDITIONS

- Big Ass Fans reserves the right to make the final determination, based on its own evaluation of the fan and all its components, as to whether:
 - The problem in question is the result of a defect in design, workmanship, or materials, and not a result of error, misuse, or abuse on the part of the customer as set forth under the exclusions detailed in this Warranty;
 - Noise heard during operation is within normal operating levels, in which case this Warranty would be inapplicable. Note: Certain electrical, motor, or other operating noise may be impossible to eliminate due to the fan design and/or site conditions. Dissatisfaction with normal operating noise levels is not covered by this Warranty, and return of any fans for this reason will be subject to Big Ass Fans' Return Policy.
 - Adverse site conditions, (including, but not limited to, excessive dust, heat, humidity, unstable electric service, or any other unknown or unforeseen condition that affects the proper operation of the products) improper application, or improper installation is determined to be the basis for the failure.
 - The problem or defect is material and requires action under this Warranty; and
 - The remedy of repair, replacement, or refund is appropriate.
- If Big Ass Fans determines, in its sole discretion, that the appropriate remedy under the Warranty is a refund, the refund amount will be limited to the price paid by the customer for the product alone, and under no circumstances will it include the cost of labor, shipping, handling, packaging, or any other incidental or consequential costs incurred or anticipated by the customer, except where required by law.
- With respect to replacement or repair rendered, Big Ass Fans reserves the right to use replacement parts that are refurbished. Big Ass Fans warrants that the parts replaced or repaired, whether or not they have been refurbished or are original equipment, will operate properly and be free from defects in materials and workmanship for a period of 90 days from the date of shipment to the customer, as required by law, or for the remainder of the original warranty period, whichever is longer
- A service fee, parts replacement fee, and shipping charges may be imposed if any fan is returned for warranty service that is missing components or that has been modified in any way. Such fees and charges will vary based upon the actual material and labor costs necessary to replace missing or modified parts and to return the fan to its original factory condition.

WHAT IS NOT COVERED (EXCLUSIONS)?

No other written or oral warranties apply, and no employee, agent, dealer, or other person is authorized to give any warranties on behalf of Big Ass Fans.

ATTENTION: Under no circumstances will Big Ass Fans be responsible for remedial work necessary to correct installation procedures by others that do not conform to those established by the instructions, codes, and standards described under items 2 through 3i below.

- Units or components where the serial number or part number sticker has been removed or defaced.

 - Failure to follow the required installation procedures specified in the Big Ass Fans-supplied installation instructions and in all other documentation supplied with the fans and related equipment;
 - Failure to follow all relevant codes and ordinances including, but not limited to, any applicable electric codes or similar codes and other jurisdictional (including provinces and localities) local building codes;
 - Failure to follow electrical engineering industry standards regarding the approved method of installing solid-state electrical equipment having the characteristics of the fan, the fan control, and their related components, even if such standards are not specifically referenced in any instructions or literature supplied by Big Ass Fans;
 - Failure to use properly all installation and mounting hardware supplied or approved by Big Ass Fans;
 - Any modification or alteration of, or adjustment to the fans, fan control, and/or mounting and installation hardware and/or any disassembly of the major components of the fans and fan controls for any purpose whatsoever, including any attempt to diagnose and/or repair any problem, without prior written authorization from Big Ass Fans' Technical Support Department;
 - Misuse, abuse, accidents, unreasonable use, or Acts of God, including severe weather such as but not limited to hurricanes, tropical storms and tornadoes;
 - Incorrect electric current, voltage, or supply;
 - Failure to use fan controls supplied by Big Ass Fans unless:
 - Big Ass Fans' Technical Support Department has provided written permission prior to installation; and
 - The fan controls are built, operated, and maintained according to specifications provided to and approved by Big Ass Fans' Technical Support Department.
 - Failure to perform periodic maintenance as detailed in the instructions supplied with the fan and provided on the Big Ass Fans website. Big Ass Fans recommends examining the ceiling fan suspension system at least once every two years.

Some corrosion and/or deterioration is considered "normal wear" in this environment.
8. Damage or failure caused by subjection of the product to conditions outside its design limitations.
9. Defects reported more than 90 days from when they were discovered or should have been discovered.
10. With regard to electrical and electronic components provided by Big Ass Fans that comprise part of the products, including motors, motor drives, and variable frequency drives, Big Ass Fans relies on the determination by the original manufacturer as to whether the failure of such component was the result of a defect. If the manufacturer of such component determines that there was no defect and therefore refuses to cover it under warranty, Big Ass Fans likewise will not warranty such item unless Big Ass Fans determines that the failure of such electrical or electronic component was the result of a defect of design, workmanship, or material within some other part of the products.
