3-year (LED modules only)

(See installation manual for full warranty text.)

24 in. to 30 in. from cooktop to bottom of hood

FOR INDOOR USE ONLY

HVI-2100 CERTIFIED RATINGS comply with new testing technologies and procedures prescribed by the Home Ventilating Institute, for off-the-shelf products, as they are available to consumers. Product performance is rated at 0.1 and 0.25 in. static pressure at high speed based on tests conducted in an HVI-approved state-of-the-art test laboratory. Sones are a measure of humanly-perceived loudness, based on laboratory measurements.

^{*} Where noted performance rating is not HVI certified but was established in accordance with HVI Standardized test procedure.
