

Where can I use my Omigo Collapsible travel bidet?

The Omigo Collapsible travel bidet can be used anywhere you can find clean water. Use it backpacking, camping, in RVs, at hotels, gyms, and at work.

Do I need to fill my Omigo Collapsible travel bidet with any certain type of water?

No. Cool or warm plain tap water from the nearest water faucet is perfectly fine. Can't find tap water? Water from a lake or stream will work, too.

How do I clean my Omigo Collapsible travel bidet? Can I put it in the dishwasher?

To clean your Omigo Collapsible travel bidet, simply use household dish soap and water.

What if my pop-up nozzle won't stay down?

You are pressing the nozzle too hard. Simply push the pop-up nozzle down gently and the nozzle will lock in.

Can I leave water in it?

The Omigo Collapsible is meant to be emptied after each use to ensure you have fresh wash every time! Make sure to empty your Omigo Collapsible before you place it in the travel bag.

What is included?

- The bidet reservoir/holder
- The bidet top/nozzle
- A convenient travel bag for storage

Where is it made?

The Omigo Collapsible are made in China.

What is the travel bag? And what is it made of? Is it machine washable?

Use the carrying bag to store your Omigo Collapsible in your purse, backpack, briefcase, gym bag or suitcase to prevent your Omigo from scratching or any wear. The carrying bag is made out 100% polyester. Just remember, the Omigo should be emptied after every wash, and the carrying bag is not waterproof. The carrying bag should be washed on cold, without any detergent, and air dry.
