Bamboo Bidet Dry Towel Troubleshooting

- **Towels Have Shrunk:** Towels that have been dried in high heat will experience shrinking. It is recommended to follow the Care Instructions on box to minimize shrinkage.
- **Towels Are Wrinkled or Appear Deformed:** It is common for bamboo fiber material to wrinkle. You may use an iron set to the lowest temperature setting to remove wrinkles and deformities.
- **Mesh Bag Has Shrunk or Deformed:** Mesh bag has been dried using a high heat setting.
