BUSTER BULB

action: Light Bulb

range: Light Bulbs

The World's first designer LED bulb. This bulb consumes just 1/20th of the energy of traditional bulbs with a life span of 30,000 hours. Available in CRYSTAL, GOLD or SMOKED finishes. The resin light pipe at the centre of the bulb is where all the magic happens, allowing the bulb to creat a subtle ambient light whilst at the same time throw focus spot light onto tables & surfaces below. The bulb fits in any E26 screw light fitting but look especially great when theamed up with our Heavy Metal lighting range.
