

TUBULAR LATCH / DOOR KNOB / PASSAGE

ACTION: LATCH

RANGE: LATCHES

Passage and privacy tubular latches, designed to work in conjunction with our North American door lever handles and door knobs. A sprung latch ensures a consistent feel everytime you open the door. Works great on all internal doors. Latches come with strike plates and face plates machined in five solid metal finishes: Steel, brass, smoked bronze, gun metal and black. Latch tongues come in matching brass or steel.

SPECIFICATIONS

North American specification passage tubular latch, supplied with a plastic latch block with a 1.63** centre to centre distance, 3-3/4" backset. For use with North American specification passage door knobs. Suitable for interior doors only. 0.31" x 0.31" square split spindle (supplied with B+P door lever handle sets)

INCLUDED

1 x Passage tubular latch
