

WallMountTrack

CS TrackSystems are an innovative range of track systems designed for a multitude of sliding doorway applications.

CS WallMountTrack is suitable for surface sliding applications where there is enough strength in the wall to side mount a track system above an opening.

Installation is quick and easy as the track is supplied with pre-machined fixing slots. The track also comes with a pre-finished, removable aluminum fascia and end caps that neatly conceal the top of the door, track and carriage system.

CS WallMountTrack with clear anodized finish.

 TrackSystems

Design Features & Options

- 1 Available as a single track set-up only, i.e. no double or triple track versions are available.
- 2 Track can be configured to suit Bi-Parting door setups.
- 3 Fascia may be anodized or powder coated in a range of color options. Standard stocked finishes available: Clear or Bronze Anodized. Inquire about custom colors.

Technical Information

Track Finish:	Mill Finish
Fascia Finish:	See Design Features & Options
Door Thickness:	35-45mm 1-3/8" to 1-3/4"*
Max Door Weight:	240kg 500lb
Carriage Pack:	M6 or M8

* For doors thicker than 1-3/4", please contact us for installation information

Standard CS Track Features

Our engineers focus on constantly developing new products and refining existing ones. That's why our products come with a number of unique features:

- 1 Heavy duty one-piece extruded aluminum track.
- 2 Pre-machined mounting holes.
- 3 Fascia is removable for future servicing requirements.
- 4 Minimal clearance means carriages/wheels cannot jump off track or jam.
- 5 Large diameter wheels with precision ground bearings make for smooth running.
- 6 Radiused track reduces friction and allows dust to be pushed into the gutters so the door always slides smoothly.
- 7 M8 body made from cast stainless steel for strength and reliability. 4-wheel carriages are standard on all doors over 200lb.
- 8 **CarriSnap™** quick release system allows the door to be removed easily from track; no need to unscrew anything and lose door height adjustment.
