MATERIAL: Wrought Iron

FINISH: Black Iron

FREIGHT INFORMATION: Motor Freight (MF)

ITEM WT: 42

PKG WT: 68

FEATURES:

A single atom was the inspiration behind the black version of our Genesis Chandelier. The capricious wrought iron frame twists and bends to take on a wildly beautiful form that slices through the reflections of the illumination to form artful patterns on the surrounding surfaces. Skillfully finished in black iron, the six-light fixture is quite simply dramatic and stunning. We also offer this chandelier in a silver Granello finish.

NUMBER OF LIGHTS: 6
