FEATURES:

Mid-century modern chic has been given a bit of a rustic edge in the design of the Culpepper Rectangular Chandelier. Though it could be set squarely in that famous era, this large-scale fixture with six lights is surprisingly agile stylistically, as it fits within traditional interiors just as well as it blends seamlessly into contemporary settings. Light beams down from wrought iron shades treated to a contemporary gold leaf finish on the interiors for added warmth. The linear frame and exterior of the shades have been given an attractively distressed French black finish for a commanding appeal.
