IMAGINE WHAT'S POSSIBLE™

Cover photo features Calacatta Gold Marble with Ion Metals Antique Nickel 4-1/4 x 4-1/4 field tile on backsplash and wall. Above photo features Marble Black & White Blend polished 6" hexagon mosaic on the wall.

## Make a Lasting Impression with Marble

From the Washington Monument to the Taj Mahal, marble has been used to create some of architecture and design's most impressive structures. Formed from limestone that was subjected to pressure and heat, marble's characteristic color swirls are what adds to its striking appearance. Add luxury and sophistication with a variety of earthy, neutral colors from this impressive collection.

- INCOMPARABLE STYLE
  - Adds luxury and sophistication to any design
  - Coordinating mosaics and trim shapes available for a refined, finished look
- PERSONALIZED BEAUTY
  - Suits multiple design styles, from traditional to contemporary
  - Available in several classic shades
  - Finishes include honed and polished

**NOTES**

Natural stone products inherently lack uniformity and are subject to variation in aesthetics (color, shade, finish, etc.) and performance (hardness, strength, slip resistance, etc.). Natural stone products do not meet minimum coefficient of friction thresholds recommended by safety standard setting organizations. Check local building codes prior to specification or installation to verify that product technical characteristics comply with required parameters. Final selection should be made from actual tiles and trim, and not from tile and trim samples or color reproductions. Manufactured in accordance with ANSI A137.1 standards.

The existence and dimensions of a bevel may vary from lot to lot. Be sure to request a sample of the specific lot you are planning to order, if the bevel is an important feature of your job.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to [daltile.com/LargeTiles](http://daltile.com/LargeTiles) for more information.

For additional information refer to "Factors to Consider" at [daltile.com/Factors](http://daltile.com/Factors).
