

NATURAL STONE
SLATE

 **daltile**[®]
IMAGINE WHAT'S POSSIBLE™

Cover photo features Indian Multicolor Slate on the floor.
Above photo features Mongolian Spring Slate in Pattern Flagstone on the floor.

Champion of Versatility

Fine-grained natural slate tile has been a staple for indoor and outdoor flooring (and more) for many decades, but it has no trouble staying relevant. The variation and color of the stone create a neutral backdrop but provide plenty of contrast and brightness to any design from traditional to contemporary. It's one of the densest, strongest, and most resistant natural stones, which means it's a stellar choice in just about any application. Bring the playful yet steady versatility of slate to your design with our slate collection.

- **STYLISH VERSATILITY**

- Handles the demands of both indoor and outdoor applications with finesse
- A natural finish that wows from the foyer to the game room
- Available in an array of colors, shapes, and sizes in natural cleft, cut, honed, and tumbled finishes

- **TIMELESS DURABILITY**

- Dense, strong, acid-resistant, and non-absorptive
- Impervious to freeze/thaw cycles and extreme temperatures

AUTUMN MIST S772

AUTUMN MIST S772
16" x 16" & 12" x 12" Natural Cleft Gauged

AUTUMN MIST TS71
4" x 4" Tumbled Gauged

NOTES

Natural stone products inherently lack uniformity and are subject to variation in aesthetics (color, shade, finish, etc.) and performance (hardness, strength, slip resistance, etc.). Natural stone products do not meet minimum coefficient of friction thresholds recommended by safety standard setting organizations. No warranties, expressed or implied, relative to merchantability or fitness for a particular purpose are made regarding the natural stone products distributed by Dal-Tile. Check local building codes prior to specification or installation to verify that product technical characteristics comply with required parameters.

The existence and dimensions of a bevel may vary from lot to lot. Be sure to request a sample of the specific lot you are planning to order if the bevel is an important feature of your job.
