PROTECT AGAINST THE INVISIBLE

DEFEND™ powered by Microban® is a distinct product line of high-performance porcelain antimicrobial floor, wall and mosaic tiles, continuously fighting the growth of up to 99% of bacteria on the surface. The end result is a surface which is consistently protected, 24 hours a day, 7 days a week.

ALL STYLE. NO SLIPS.

Don't tip-toe through life. Step stylishly on non-slip tile that's 50% more slip resistant than ordinary tile. And because it's Daltille, you'll find beautiful natural looks that are waterproof, scratchproof, stainproof and dentproof.

NOTES

Since there are variations in all fired ceramic and natural products, tile and trim supplied for your particular installation may not match samples. Final confirmation should be made from actual tiles and trim prior to installation. Manufactured in accordance with ANSI A137.1 standards.

Not for use on ramps. Water, oil, grease, improper drainage and certain footwear can create slippery conditions. Floor applications expected to be exposed to these conditions require extra caution in product selection.

For additional information refer to "Factors to Consider" at: daltille.com/Factors.

To achieve optimal results, all tile should be selected from multiple cartons and shading and graphic arrangement planned prior to installation.

Special consideration needs to be given when installing tiles greater than 15 inches. Please refer to daltille.com/LargeTiles for more information.

Special care should be taken when grouting with dark pigmented colors. A grout release is recommended to prevent finely powdered pigments from lodging in the pores of the surface. Use of a latex modified thin-set is recommended for installation.
