

Introduction to the course

What is the course about? What are the goals? What are the topics? What are the assignments? What are the exams? What are the resources? What are the contact details?

Course structure

Week	Topic	Assignment	Exam	Resources
1	Introduction	None	None	None
2	Cellular structure	Cellular structure	Cellular structure	Cellular structure
3	Cellular metabolism	Cellular metabolism	Cellular metabolism	Cellular metabolism
4	Cellular signaling	Cellular signaling	Cellular signaling	Cellular signaling
5	Cellular differentiation	Cellular differentiation	Cellular differentiation	Cellular differentiation
6	Cellular aging	Cellular aging	Cellular aging	Cellular aging
