TABLE OF CONTENTS

Dimplex

Dimplex is the feeling you get when you hit the snooze button and stay under the covers a few minutes longer. It's the comfort found in the moments that matter, like when the kids are down and the feet go up. Our products are the gathering place and focal point that rooms are built around. So whether it's a living room or hotel lobby, bathroom retreat or spa, we can help you design the right comfort solution to create moments that matter.

We are leaders in design and innovation, continually challenging the status quo on a global scale to create products for the discriminating buyer. Our dozens of patented technologies translate to fireplaces that dazzle the senses and heaters that make spaces more efficient and livable no matter what the need.

Whether residential or commercial space, we design fireplaces that make a style statement. You will appreciate the energy efficiency and treading a little lighter with your eco-footprint, but at the end of the day it's the deep breath that comes naturally when you relax in front of a fireplace.

IgniteXL®

IgniteXL® is our premium linear electric fireplace. Incredibly lifelike and visually stunning, IgniteXL transforms the look and feel of any room. Patented flame and heat technology, a simple, flexible installation, and flawless panoramic views - ignite the senses from any angle!

IgniteXL®

Less Frame, More Flame

Clean front face with minimal trim makes the dazzling flames the focal point.

Multi-Fire XD® Flame Effect

Vivid flames that are brighter and more lifelike, day or night.

Comfort$aver® Heating System

Safe ceramic heat, plus 11% energy savings, warms up to 1,000 sq. ft.

PRISM Series

Named after its Prism flame effect, this line of linear electric fireplaces sparkles with intensity in a full spectrum of red, green and blue colors which illuminates the diamond-like acrylic ice ember bed in a show-stopping effect. Complete with a powerful and efficient fan-forced heater, Prism adds comfort and ambiance to any space. Plugged in or hardwired, hung on the wall or built-in, Prism fireplaces are beautifully versatile.

Dimplex®

PRISM Series

Customizable Color Themes

Choose from seven brilliant color themes or cycle through a range of colors using the prism mode, freezing on the hue of your choice.

LED Flame Technology

A blend of technology, artistry and craftsmanship that sets the standard for realism.

Flexible Installation

Choose partially-recessed, fully-recessed or surface mounted (plug-in) installation.

Opti-V™

Opti-V™ blends 3D technology with magic and innovation to create a virtual experience like no other. Choose between the linear electric fireplace with flickering flames and glowing logs or the Opti-V Aquarium with bubbling water and 3D fish.

Opti-V™

Opti-V™ Flame Effect

High definition video and a three-dimensional illusion creates dazzling flames that flicker between the logs.

Heat-free Operation

Designed with the sole purpose of providing a stunning visual flame feature.

Sight and Sound Remote

Turn on the flames and crackling sound effects at the touch of a button.

Revillusion®

Revillusion® is a completely new way of looking at fireplaces, and elevates the standard for electric. Using patented ThruView™ technology, Revillusion lets you look through the lifelike flames, to the full fepth of the brick interior - a first of its kind among electric fireplaces. The technology is impressive, and the ambiance serene. Enjoy the look of a fireplace cut straight from the pages of a magazine with Revillusion, clearly a better fireplace.

Revillusion®

Revillusion® Flame Technology

Flames are large, bright and more random, appearing from within the logs.

ThruView™ Full-depth Design

See clear through the flames to the back of the firebox for a more authentic experience.

Ambient Light Sensor

Automatically adjusts firebox light to suit the room day to night.

Opti-myst®

Enjoy a lifelike flame and smoke effect created by revolutionary ultrasonic technology using water mist, not steam, making for the world's safest fireplace. The result is an appearance so authentic it will be mistaken for a traditional wood-burning fireplace.

⬭ Dimplex®

Opti-myst® Pro 1500

Opti-myst® Flame Effect
Revolutionary ultrasonic technology produces a fine mist to create the illusion of flames and smoke.

Supplemental Heat
Includes an effective fan-forced heater to warm up to 400 sq. ft.

Single or Double-sided
Includes removable high-gloss backer panel for easy conversion.
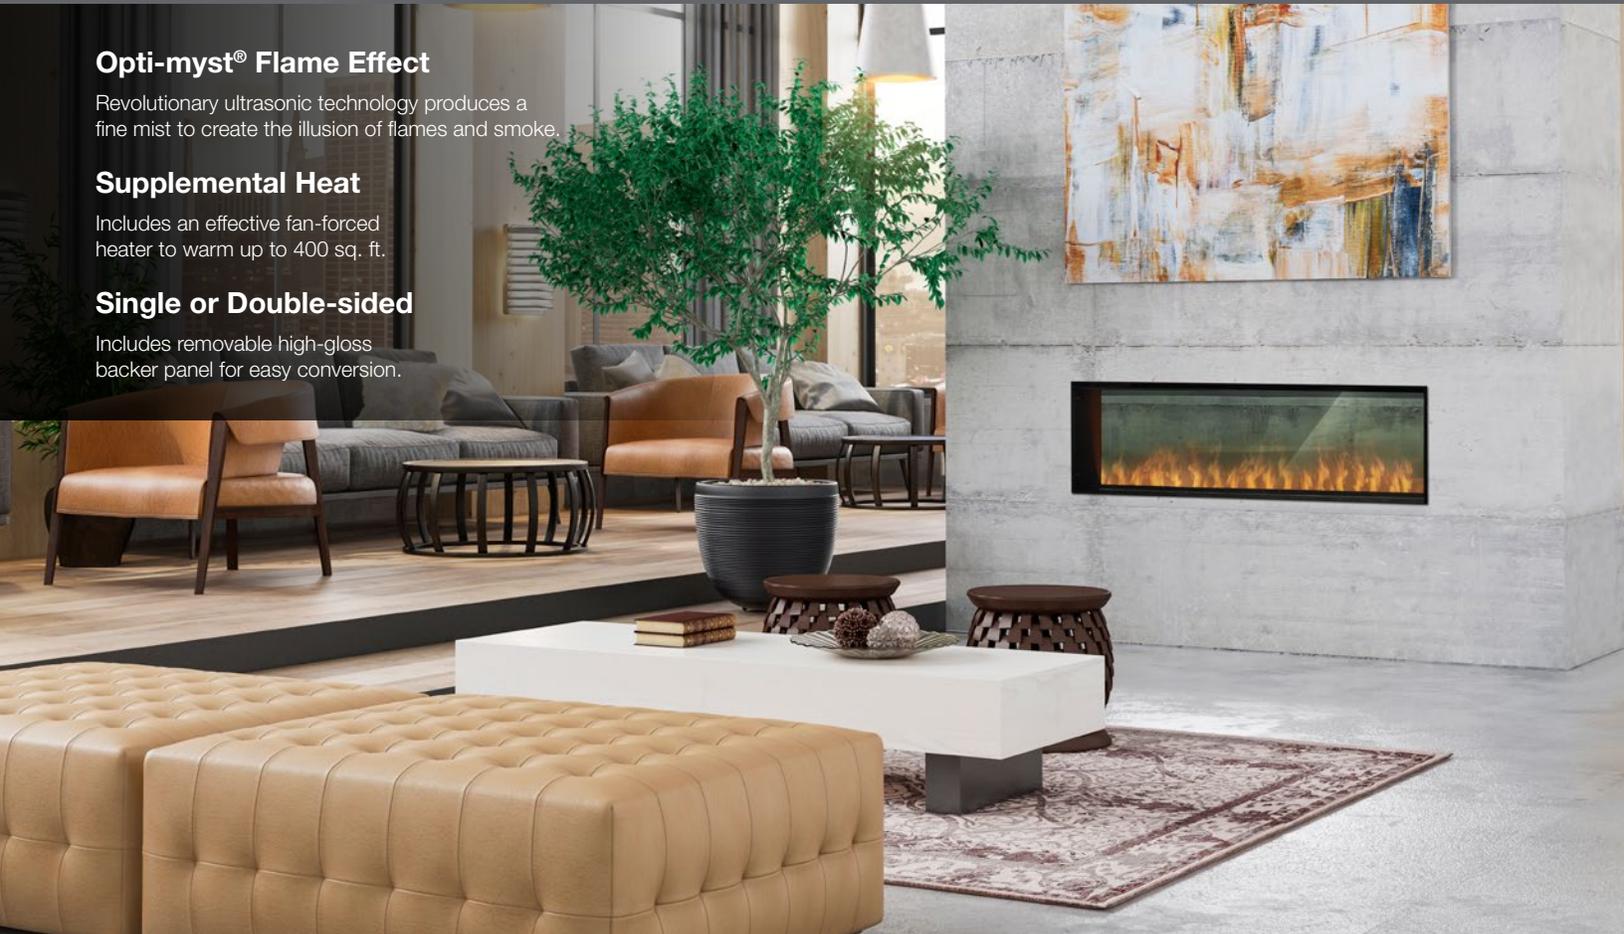

GBF1500-PRO
60" Built-In Electric Firebox Kit

Opti-myst®

Opti-myst® Flame Effect

Revolutionary ultrasonic technology produces a fine mist to create the illusion of flames and smoke.

Modular Design

Cassettes can be combined in series to achieve the desired length for dramatic linear installations impossible to achieve with gas fires.

Continuous Water Supply

Optional plumbed water supply kit provides continuous operation without refilling water tanks.

Indoor/Outdoor Heater

Nextrema® Schott
Nextrema Schott glass ensures even heat distribution and minimizes light emissions.

Ease of Operation
Programmable timer with remote control, features safety shutoff after 8 hours of continuous operation.

Outdoor Rated
Water/dust tight IP65 rating for outdoor applications.

Linear Convector Heaters

Compact Size
Up to 42% smaller in length than conventional baseboards.

Construction
Shark-fin heating element blade design improves heat transfer, provides quiet operation and extends product life.

Flexibility
Discreet styling, reduced length and added versatility of placement provide more options when designing a room.

DWT431W-P

Built-in Electronic Thermostat

DTK-SP (Single Pole)
DTK-DP (Double Pole)

Proportional Convector Heaters

Compact Size
Up to 42% smaller in length than conventional baseboards.

Economical
Built-in electronic thermostat uses less energy than mechanical thermostats by regulating temperature more precisely.

Thermostat
Built-in electronic thermostat accurately controls heat output, providing stable and consistent room temperatures.

Precision Comfort Heater

Quiet Operation
Sound tests show that the PCH operates at a whisper-quiet 43dB, making it one of the quietest fan heaters on the market.

Patented Heating Technology
Automatically and quietly adjusts the fan speed and wattage for perfect comfort.

Thermostat
Built-in electronic thermostat maintains room temperature to within an incredible 0.1°C (0.2°F) for maximum comfort and up to 29% energy savings*.

Cadet delivers sensible design and efficiency to help you create a comfortable and inviting home environment at a value all can appreciate. We are known for our trusted products that are made in America and built to last.

Cadet offers both primary heating sources and complementary products that support a central heating system, letting you easily add warmth and temperature control to any space. Our heaters are perfect for warming those stubborn chilly rooms, like the finished basement, garage, winter cabin or sunroom.

Whether your next project is a replacement heater, remodel, new addition or newly built home, Cadet heating solutions are perfect for keeping you and your family warm, safe and comfortable.

Com-Pak Series

Thermostat
Available with or without built-in thermostat.

Built-in Overheat Protection
Includes high temperature safety shutoff for complete peace-of-mind.

Quality
All metal surfaces are powder-coated paint to remove sharp edges and provide a durable, corrosion-resistant finish.

Proudly Australian, Nectre wood-fired ovens are designed and manufactured with more than 40 years of knowledge and expertise in the wood heating business. We take pride in the quality and integrity of our products and continues to find new production techniques to produce the best technology and design.

At Nectre, we develop the next generation of efficient, low emission wood heaters. We keep steadily improving our stove designs as well as production techniques with steel - now laser cut and manufactured with state-of-the-art robotic welding technology. The result is products that are built to perform at the highest standards, yet ultimately meet the most important criteria: providing people with warmth and home comfort.

N65 Wood Stove

Efficiency
Elegant, powerful heating with high efficiency and low emissions.

Construction
Includes high temperature safety shutoff.

Quality
Steel baffle with steel brick retainer and firebrick lining to improve thermal mass.
