

iBLAST Series

Commercial Hand Dryer

iBLAST

The only intelligent, maintenance-free hand dryer on the market.

Integrated wireless control allows for device monitoring, trouble-shooting and diagnosis, reduced maintenance and service fee costs, making the iBlast series ideal for Property Managers and commercial buildings. Along with easy installation, the tamperproof-steel construction offers compact, modern design with unsurpassed drying speed and long lasting durability.

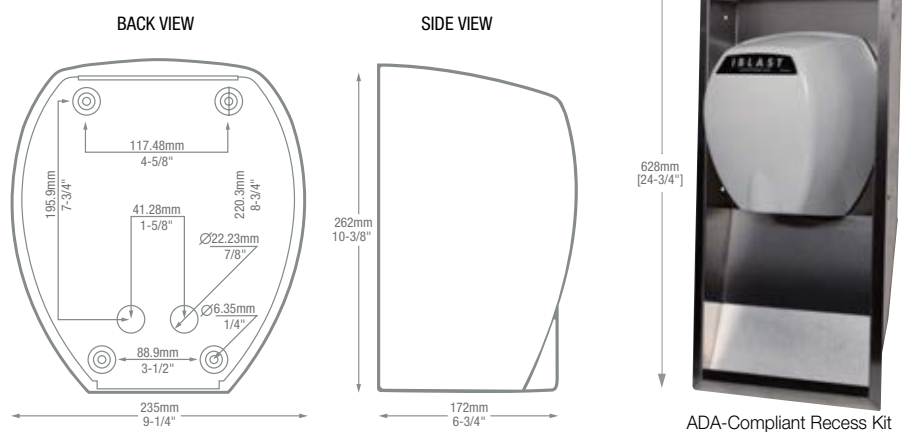

iBLAST Series

Commercial Hand Dryer

iBLAST

Dimensions

115-230, 50-60 Volts | 1450 Watts

Features

High Speed Drying

High velocity (19,000 LGM) air flow for ultra high speed hand drying.

Wireless Control

Customizable features through an online portal; adjust the personalized greeting, dryer sensitivity, activation distance, plus easy diagnosis and troubleshooting.

Easy to Install

Universal voltage and removable pre-drilled baseplate provide ease of installation.

Tamperproof Design

Robust, tamperproof design and construction for greater product durability and longevity in application.

Energy Efficient

Contributes to LEED™ and BOMA building certification.

Recessed Installation Kit

Available recess kit to make BLAST and iBLAST ADA compliant.

10-year Limited Warranty
