

Docking Drawer®

15 amp Safety Interlock Outlet with Corner Mount Limit Switch Tear Sheet

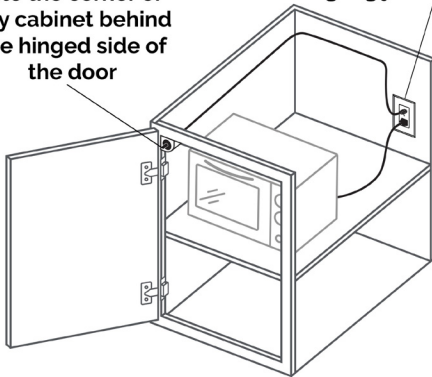

6015-2001

DE-ENERGIZES
OUTLET
when the
DOOR
CLOSES

Corner Mount Limit Switch can install into the corner of any cabinet behind the hinged side of the door

Safety Interlock Outlet fits into a standard single gang junction box

Docking Drawer's 15 amp Safety Interlock Outlet is a single gang electrical outlet featuring one NEMA 5-15 receptacle and one interlock switch connector. The Corner Mount Limit Switch mounts inside of enclosed spaces, detects when the door is closed and de-energizes the outlet. ETL Listed for use in the US & Canada. The Safety Interlock Outlet with Corner Mount Limit Switch is listed to UL 498 and CSA 22.2 #42. The Authorities Having Jurisdiction (AHJ) has the final say on whether an installation meets the requirements of the Canadian Electrical Code. Possible applications include:

- Appliance Garages
- Coffee Stations
- Toaster Drawers
- Or any enclosed space where devices are plugged in and left unattended

Outlet Specs

Interlock Switch Connector

LED Indicator
