

TUB REPLACEMENT KITS

Complete your tub-to-shower conversion or shower renovation project with back wall and tub replacement kits. DreamLine™ tub replacement kits are available in three options – from a complete tub-to-shower combination to just simple back walls which may be installed with other third party trays and doors. A number of sizes and design configurations are available to fit most projects. The complete shower kit comes with DreamLine™ Amazon Shower Tray, back walls and choice of a DreamLine™ Visions or Infinity sliding shower doors. DreamLine™ back walls are designed to be installed over an existing solid surface (not directly to studs) and may be trimmed-to-size at installation.
