

ELEGANCE SHOWER DOOR

DreamLine™ ELEGANCE shower doors are designed to fit a variety of opening from 25 1/4" up to 61 3/4". Each ELEGANCE door is made of thick 3/8" clear tempered glass in combination with aluminum wall profiles. ELEGANCE door finish options include chrome and brushed nickel. Unique design of the wall profiles allow each door to be adjusted by up to 2" inches, accommodating a variety of openings and small variations in side walls. Doors from 25 1/4" - 37 3/4" come without any side panels. Doors 37 3/4" - 49 3/4" require a 12" stationary side panel with two integrated glass shelves. Larger ELEGANCE doors from 49 1/4" to 61 3/4" use a 24" stationary side panel with two integrated glass shelves. All ELEGANCE doors are reversible for right or left installation. Optional Acrylic/ABS shower back wall kits and single threshold Acrylic shower trays are also available in a variety of sizes to complete your project.

ELEGANCE
