Freestanding tubs use wall-mounted or freestanding faucets. The waste and overflow assembly is concealed between the walls of the tub, eliminating the need for a decorative exposed drain kit.

Measurements are ± 1/2" (13 mm) and are subject to change without notice. Data herein supersedes all previous prior to publication date shown below.

Dotted Line Represents Bathing Well

NOTES:

If installing a deck-mounting fitting, before drilling any holes: check for interference with drain overflow. Mounting holes drilled by installer.

Refer to installation instructions supplied with bathing pool for additional information. Fittings not included and must be ordered separately. Provide suitable reinforcement for all supports.

IMPORTANT:

Dimensions of fixtures are nominal and may vary within the range of tolerances established by CSA B45.5/IAPMO Z124. These measurements are subject to change or cancellation. No responsibility is assumed for use of superseded or voided leaflet.
