THE
GEO
COLLECTION

Patterns and shapes align to create ultra modern simplicity throughout the Geo collection. Brilliant LED lights are concealed in polished interlocking rails – that then intersect at dramatic offset angles. We then saturate clear acrylic panels with a laser-cut microdot pattern to defuse the light.

If any of the warranted Products are found by élan®, in its sole discretion, to be defective, such Products will, at élan's sole option and cost, be replaced, repaired or refunded less an amount directly attributable to Original Purchaser's prior use of the Product. élan® will return the repaired or replaced Product prepaid freight. This warranty does not cover labor or other costs or expenses to remove or install any defective, repaired or replaced Product.

The parties hereto expressly agree that Original Purchaser's sole and exclusive remedy against élan shall be for the repair, replacement or refund of defective Products as provided herein. This warranty extends only to Product ownership by the Original Purchaser; is not transferable whether to heirs, subsequent owners, or otherwise; and is void if the Original Purchaser ceases to own the Product.

This warranty does not apply to any Products that have been subjected to misuse, mishandling, misapplication, connected to voltage at more than 5% above standard North American Voltage, unusual use (including but not limited to use in an environment where the annual average ambient operating temperature is below 27 or above 95 degrees Fahrenheit), neglect (including but not limited to improper maintenance), accident, acts of god such as high winds, improper installation or care, failure to follow the Product's written instructions for normal use and care, improper packaging of Products returned to élan®, modification (including but not limited to use of unauthorized parts or attachments), or adjustment or repair. Notwithstanding the foregoing, This warranty only applies when all components, including transformers, have been provided by élan®. Substituting another manufacturer's product and/or components will render the warranty completely void.
