

Recessed Lighting

The
TeakTM
System

2" LED Downlights & Adjustables

EL **ELCO Lighting**
The Best Choice in Lighting

The Teak™ System

The Teak™ System is the perfect recessed residential downlight system featuring cutting-edge energy-efficient technology and design at an affordable price. These modules have a 2" aperture with lumen outputs that range from 800-1100 lumens. The Teak™ light engines allows for optional field changeable lenses making them the perfect fit for any room design. The quality driver built on top of the module allows for simple product maintenance and updates, and its auto release clips for easy installation.

Precise Beam Angle Control

Using industry leading technology ELCO offers the Teak™ LED Module with standard 38° beam angle, with field changeable 28° and 60° lens options to give designers and architects choices when laying out a room, whether the downlight is spot lighting a breakfast table or lighting up a bedroom ELCO has the necessary beam angle options.

Easy Installation Clip!

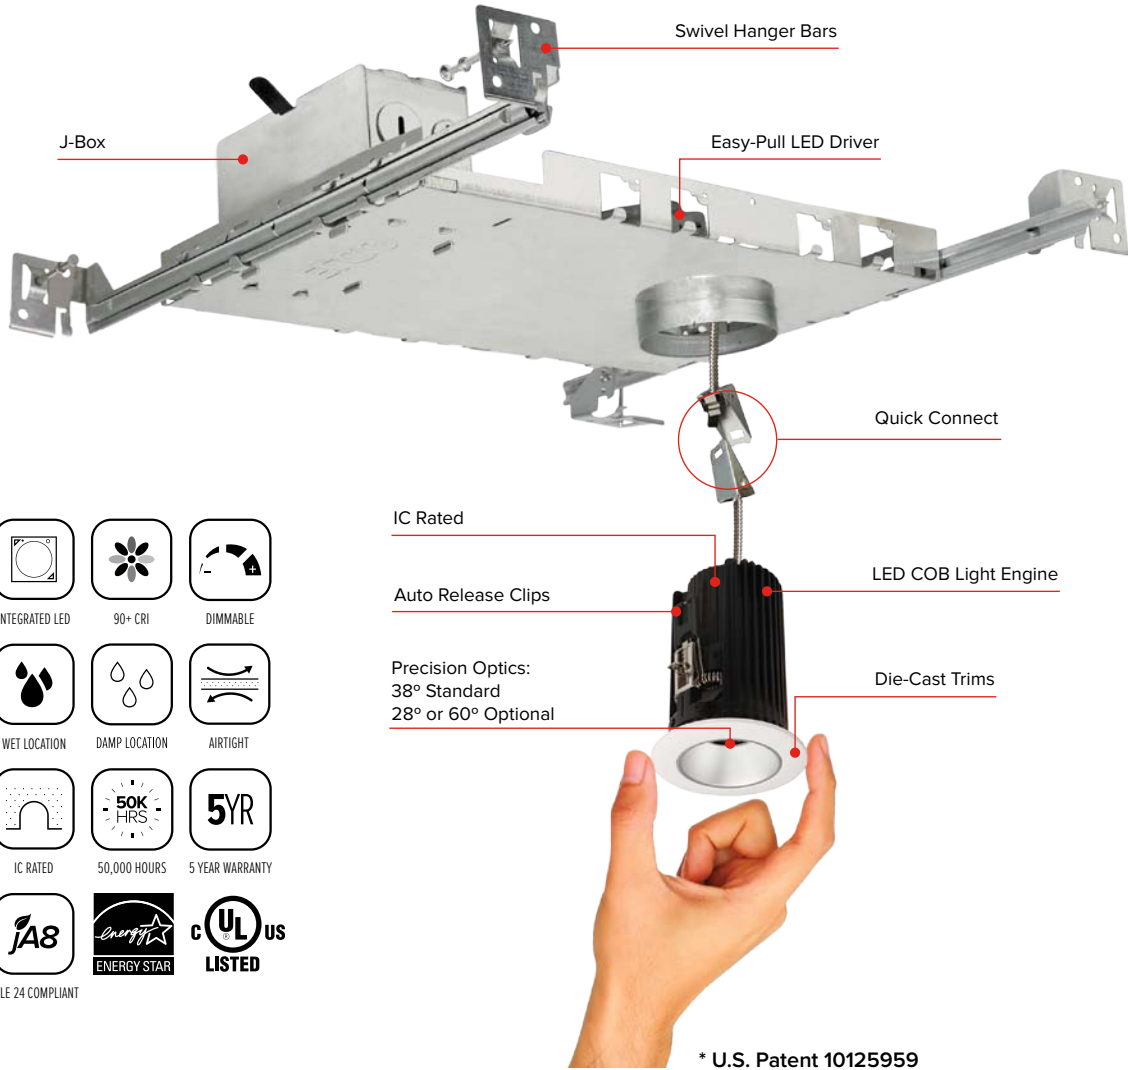

All Teak™ LED Light Engines feature a patented trigger release clip that will depress as the module is being inserted, holding the module in place

U.S. Patent 10125959

2" Teak™ IC Rated Frames

- Listed for direct contact with insulation
- Frame specified for 850 lumens (11.8W) and 1100 lumens (13.7W)
- Same LED module for both lumen outputs
- Driver specified for 120V (Triac/ELV dimming) or 120/277V (0-10V/Triac/ELV Dimming)
- Damp Location Listed, Wet Location with Wet Location Light Engines
- JA8-2016-E Listed, ENERGY Star Listed, UL Listed

R60 ICA New Construction Housing

- For use with spray in R60 insulation
- Driver included on frame

Item	Lumens	Wattage	Voltage	Dimming
