

EW30IC60LS

30" Induction Cooktop

Also Available In:

■ Black

FEATURES

More Responsive

Cooking with induction is more responsive than gas or electric — you can instantly adjust the heat to a delicate simmer or bring it to a quick boil.

More Energy Efficient

Cooking with induction is 70% more efficient than gas and 20% more efficient than electric.

Exceptional Temperature Control

Adjust heat with greater accuracy than gas or electric cooktops, especially at lower settings. Perfect for melting chocolate and cooking delicate foods and sauces.

Cooking Flexibility

The sensors automatically detect the presence of magnetic cookware, activate the induction field, and adjust it to the exact size of the pan.

Perfect Set® Controls

With up to 10 digital preset touch settings, you can quickly raise or lower temperatures, so cooking can begin at any time — without waiting for preheating.
