Warranty

Lifetime Limited Warranty

All brass fixtures carry a Limited Lifetime Warranty against manufacturer defects in material and workmanship under normal operating conditions. This warranty applies to the structural integrity and functional components of the fixture.

Finish Exclusion:

The exterior finish is not covered under warranty. Solid brass fixtures are designed to naturally age, patina, and tarnish over time. Changes in color, oxidation, or surface appearance are normal characteristics of brass and will occur at varying rates depending on climate, environmental exposure, and surrounding conditions.
