Product Description

This rectangle LED bathroom mirror is designed to combine everyday function with a refined, contemporary look. The metal iron frame adds durability and structure, while front and back LED lighting provides balanced illumination that works for both task and ambient use. With touch controls, three color temperature options, smooth dimming, and a built-in anti-fog feature, it adapts easily to your daily routine. The high 90 CRI ensures accurate reflection, and the memory function saves your preferred settings for added convenience. Hardwired for a clean installation and mountable vertically or horizontally, this mirror is a practical and stylish upgrade for any modern bathroom.

Features

* Dual lighting delivers clear, even light on your face while adding a soft glow to the wall for a clean, modern look.
* Switch between 3000K warm, 4500K neutral, and 6000K cool lighting to match your routine, from relaxed evenings to precise grooming.
* Simple touch switch lets you adjust brightness with a long press, giving you full control over light intensity.
* Built-in defogger keeps the mirror clear after hot showers, so it is always ready when you are.
* High CRI lighting shows true skin tones and details, ideal for makeup, shaving, and daily grooming.
* Automatically remembers your last brightness and color temperature setting for a consistent experience every time.
* Can be mounted vertically or horizontally using the included hanging cleats to fit a wide range of bathroom layouts.
* Sturdy iron frame available in black, satin gold, or silver to coordinate easily with different fixtures and styles.
