

TERRA

A new glass concept from Fine Art Master Glass Artist Frank Englesby, Terra creates a three-dimensional contrast of deep textured and polished cast glass. The stunning landscape of the glass, illuminated by waterproof LEDs, interprets a terrain of geographical beauty not yet seen in a contemporary fixture. Terra is an indoor or outdoor collection offered in multiple sconce sizes and a flush mount. Choose between three finishes (champagne tinted gold leaf finish and silver leaf for indoor only, and a hand-rubbed black iron for indoor and outdoor) and two glass options of clear or highlighted with antiqued gold leaf.

OUR STUDIO GLASS IS INDIVIDUALLY HANDMADE.

Slight variations in shape, size and markings are the characteristics that distinguish art glass from mass produced glass.
