24" 4 Burner Gas on Steel Cooktop

Series 7 | Contemporary

Fisher & Paykel Gas on Steel Cooktops come in three different sizes and offer power levels for everything from a slow simmer for sauces, to an intense heat for steaks and stir-fries. Combining the attractiveness of sleek stainless steel with the durability of cast iron trivets, these cooktops support the most avid chef.

Stainless Steel

Dimensions

Depth	20 7/8"
Height	2 5/16"
Width	23 5/8"

Features & Benefits

Precise control

Simply turn the dials to ignite the flame quickly and safety.

Innovalve™ technology allows you to adjust the flame with 180° gas valve rotation for super accurate temperature control.

Easy handling

With flat cast iron grates, pots and pans can easily be slid across elements, coming in handy in busy cooking environments.

Safe and sound

The Auto-reignite system means you don't have to hold down a dial while burners ignite - if a burner goes out it is automatically relit at the original flame setting.

Designed to match

The brushed stainless steel and polished metal trim has been designed for durability but also provides a modern, stylish finish, matching the Fisher & Paykel family of kitchen appliances.

Easy cleaning

The stainless steel component is easily accessible and quick to clean. Cast iron trivets provide a durable and stable cooking platform. Their rubber feet prevent them from scratching the cooktop.

Handy accessories

This cooktop comes with a small pan support and wok stand to complement different cooking styles.
