## Dimensions

Depth	28"
Height	8 5/16"
Width	47 7/8"

## Features & Benefits

**Perfect heat**  
Sealed Dual Flow Burners™ deliver rangetop power up to 23,500 BTU (NG models) for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.

**Precise control**  
From the highest to the lowest temperatures you get total control with halo-illuminated rangetop dials. A precise full surface simmer is delivered across all burners.

**Easy cleaning**  
These rangetops have sealed burners and a single sheet cooking surface which, combined with a commercial-style stainless steel finish and dishwasher-safe grates, allow easy cleaning.

**Information at a glance**  
LED halo control dials provide information at a glance and assist in alerting you if any burners are accidentally left on.

**Cooking flexibility**  
The continuous surface grates are designed for pots and pans to move safely across the rangetop. Full coverage, deep-platform style grates are designed so heat goes directly onto the pot rather than the grates themselves, for a faster boil and energy efficiency.

**Designed to match**  
Built to last with distinctive, bold styling, this rangetop is designed to match the Fisher & Paykel Professional style family of appliances.

## Specifications

<b>Accessories</b>	
Combustible situation (Sold seperately)	BGCV2-3048H
