White

Dimensions

Depth	25 3/8"
Height	33 1/4 - 33 5/8"
Width	23 7/16"

Features & Benefits

Quietest wash

SmartDrive™ uses a direct drive motor that removes the need for belts, pulleys and the traditional block to hold down the machine in spin cycle. Without these heavy components, there are less vibrations making this our quietest washer ever.

Steam clean

The Steam function opens up the fibers within the fabric, helping the wash cycle and cleaning agent to do their job more effectively. The result is a superior wash.

Time Saver option

The Time Saver option activates a special temperature profile and unique tumble sequence to speed things up when you are in a rush.

Protect your woolens

Our Wool cycle has a Woolmark™ guarantee so you can wash your woolen garments with confidence.

Drum Clean

The Drum Clean cycle flushes out the drum minimizing the chance of unwanted smells developing. A handy reminder to activate the Drum Clean function occurs after every 100 wash cycles.

Add a Garment

Missed an item from your wash? Our Add a Garment function allows you to pause your wash cycle, open the door and add or remove items, then carry on washing.

Specifications

Consumption

Energy rating	EnergyStar
