RECESSED WALL CLAMP - 600R

MATERIALS: Bracket - Steel - 20 Gauge, Zinc Plated

INSTALLATION: Insert machine screws provided through both holes in the recessed arm and fasten loosely into recessed wall clamp. Install only the clamp portion into the cut hole in wall by engaging the corners, first upward behind the hole then downward. Tighten screws while positioning recess arm and clamp until flush with wall.

SPECIFICATION: ReCESSED wall clamp shall be model _____
(M in Model Number) by Liberty Hardware Manufacturing Corporation.
