Large LED Pendant

Hand-curved glass feathers, lightly dusted with texture, wrap the frame like fluttery angel wings. The angelic look of the Halo collection is continued with the lightweight aluminum construction and the soft, hand-painted White Gold finish. The Ethereal Glass gently diffuses the light. This large pendant is 43.75" in width, but at 3" in height, it is low profile and can accommodate 8-9' ceilings. Cables allow users to customize the hanging heights. The integrated, dimmable LEDs are a warm 3000k color temperature. This contemporary fixture is a definite conversation starter.
