1 Light Wall Sconce

Utilize Skye in contemporary and transitional spaces to take full advantage of its clean lines, refined details, and modern finish. Reminiscent of a geometric shadow box, this sconce is built to bounce light in every direction. The textured Natural Black finish is applied to the fixture and its hardware. As an added feature, the back panel is composed of highly-reflective polished stainless steel. The mirrored backplate is enhanced by the sheen of the clear glass shade. For visual interest, the elongated glass protrudes through an opening at the top of the box. A closer look reveals a tall candle within the glass. Spark conversation by hanging this damp-rated sconce alone or as a pair.

Fixture Finish:	Natural Black
