1 Light Articulating Wall Sconce

Simple and modern, Kennedy is a sleek swing arm sconce. The artistic bend in the sharply curved arm gives the fixture a look that works well with transitional to modern décor. The tapered Ivory Linen shade has a distinctive conical shape that is stylish and functional. Open at the top and bottom, the oversized shade creates excellent task lighting, while the opaqueness of the fabric shade allows warm light to drift into a room. Hang this damp-rated light anywhere in your home. The fixture conveniently articulates left and right. Reposition as often as needed to suit your use. Quickly turn the light on and off using the power switch on the socket. Choose between two installation options: Plug-in or Hardwire.
