

HAWA Concepta and Folding Concepta Upgrade

Improvements have been made to the HAWA Concepta and Folding Concepta and new part numbers have been established. Below you will find the new item numbers along with information from Hawa regarding the improvements. Inventory of the old version is still available. Catalog pages are being worked on and will be available as soon as possible.

Item Numbers:

408.30.015	HAWA Concepta 25, 1250 - 1850 mm
408.30.016	HAWA Concepta 30, 1851 - 2300 mm
408.30.017	HAWA Concepta 40, 1850 - 2500 mm
408.30.018	HAWA Concepta 50, 2301 - 2850 mm
408.30.019	HAWA Folding Concepta 25, 1250 - 1850 mm, left hand
408.30.020	HAWA Folding Concepta 25, 1250 - 1850 mm, right hand
408.30.021	HAWA Folding Concepta 25, 1851 -2600 mm, left hand
408.30.022	HAWA Folding Concepta 25, 1851 -2600 mm, right hand

Update from Hawa:

The successful pivot/fold and slide-in hardware systems HAWA-Concepta 25/30/50 and HAWA-Folding Concepta 25, both of which enable multi-functional room solutions with especially wide cabinet fronts, are now in even better alignment with the requirements of the market. So what's new?

- The Hawa developers have modified the trolley technology, which has always been a Hawa domain, to further increase running smoothness and ease of operation.
- Additionally, the redesigned cover caps for the HAWA-Folding Concepta 25 fold/slide-in hardware system make it possible to adjust the depth of the cabinet front.
- The space-saving pivot/slide-in hardware system HAWA-Concepta 25/30/50 now features a new variant for the 40 kg weight category. This is in response to the demand for an inexpensive hardware system with a trolley for the most popular door heights ranging from 1851 mm to 2500 mm.
- The new integrated damping system brings the doors to a gentle stop and ensures absolute ease of use when pulling door elements out of the recess.
