Stress-free installation guide

Helping you own your impact, while owning ours. Carbon neutral since day one.

Before you begin -

Download the app.

Follow the easy, guided instructions.

Scan the QR code on the postcard to quickly access our page in the App or Google Play Store.

You may need -

Wrench

Plumber's
tape

Pliers

Remove your old showerhead.

Use your hands or a wrench. Avoid twisting your shower arm (if needed, use pliers to keep steady). Remove any old thread tape and clean.

How to install -

1. Attach the Bluetooth base to shower arm.

A. Place base on shower arm.

B. Twist the clamp clockwise until tight. If stuck, don't force it. Check the alignment, then try again.

C. Remove the strip.

2. Secure and position the Bluetooth base.

A. Jiggle the clamp to the bottom.

B. Hold the base straight. Turn the clamp clockwise until tight.

C. Jiggle the clamp up to where it can swivel freely to tuck behind.

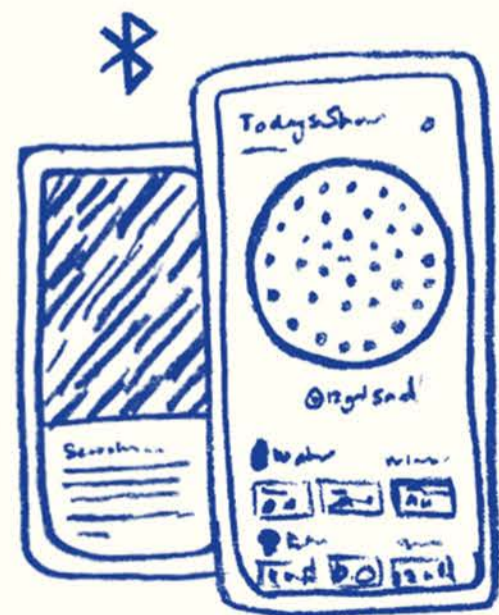

3. Attach the hose to your showerhead.

Twist the shorter end of the hose to the Bluetooth base.

Attach the longer end to your showerhead.

Now let's get your Bluetooth connected.

Follow the in-app instructions to pair, then set up your water-saving goal.

....and you're done!

for you. for the planet.

FCC Compliance Data So you know it's legit.

STATEMENT OF COMPLIANCE (§ 15.19)

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

INFORMATION TO USER. (§ 15.21)

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

INFORMATION TO USER. (§ 15.105)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Technical Product Details For the plumbing savvy.

FLOW RATE - 1.8 GPM - HSBTL
(multiple color variants)
max: 6.8 L/min (1.8 gpm)
@310kPa (45 psi): 5.9 L/min (1.6 gpm)

FLOW RATE - 2.5 GPM - HSBTH
(multiple color variants)
max: 9.5 L/min (2.5 gpm)
@310kPa (45 psi): 8.0 L/min (2.1 gpm)
