

SenseME<sup>®</sup> is the cutting-edge technology behind the world's most advanced fans and lights. Yes, our products have a lot of fancy sensors and processors, but what really matters is that, once you set your preferences, SenseME automatically adjusts your fans and lights to keep your home feeling and looking exactly the way you want it to.

To get started with SenseME, download the Haiku mobile app from your preferred app store.

Learn more about SenseME Technology and the Haiku mobile app by visiting our website.

## TECHNICAL SPECIFICATIONS

COMPATIBLE PRODUCTS	INSTALLATION	WIRELESS FREQUENCY	WI-FI STANDARD
Haiku	Integrated	2.4 GHz	802.11 a/b/g

### Wi-Fi

Connect to your Haiku products with the Haiku Home mobile app for fan and light control and over-the-air updates.

### Haiku Mobile App

Use the app to group multiple fans and lights or adjust their settings.

### Motion Sensing

Built-in motion sensors turn our fans and lights on and off as you enter and leave the room.

### Auto Comfort

Auto Comfort automatically adjusts fan speed as room conditions change, keeping you comfortable and lowering energy bills year-round.

### Smart Thermostats

Pair your Haiku fan with an ecobee or Nest Learning Thermostat™ to make saving energy even simpler.

### Voice Control

Use simple voice commands to adjust fan and light settings with Amazon Alexa-enabled devices.

### Scheduling

Schedule your Haiku products to operate when — and how — you want.

### Sleep Mode

Sleep Mode lets you choose your ideal temperature or fan speed for the perfect snooze.

### Whoosh Mode

Whoosh<sup>®</sup> Mode varies the fan's speed to simulate a natural breeze.
