

## The **Morrison** Collection

Enjoy fine dining outdoors with the Morrison 7-piece dining set from Hanover. This all-weather dining set includes six sling chairs and a 66-in. x 38-in. dining table. The chairs are created using comfortable and supportive PVC sling fabric that is breathable, quick to dry and resists accidental stains and UV harm. The lightweight chairs are also stackable for convenient storage. The slat-top table is spacious and its slat-top prevents excess water build up on the table's surface. The entire collection boasts heavy-duty aluminum frames that naturally prevent rust or corrosion. The sleek frames are finished with a faux-weathered white powder coating that will add a hint of coastal charm to any outdoor oasis. Whether you're out enjoying the sunshine or dining under the stars, trust that this Morrison dining set will be ready for your next backyard event.
