

A chrome shower head with a flexible hose and a circular shower pan.

Technical drawing of a 1600 mm long, 94 mm diameter, 26° tapered mast section. The drawing shows a side view of the tapered section with a 26° angle and a 2-inch (52 mm) height at the base. It also shows a top view of the base with G 1/2 inch ports and a side view of the 63-inch (1600 mm) long section with G 1/2 inch ports at both ends.

- Consists of: handshower, handshower holder unit, handshower hose
- Spray type: Rain
- FlexPower: nozzles automatically adjust to water pressure by opening and closing
- QuickClean+: avoid limescale deposits thanks to the elasticity of the nozzles
- Maximum flow rate : 2.5 GPM
- Pivot connector prevents hose from tangling
- Integrated support function
- Intrinsically safe against backflow

Rain
