Come home to your little castle.

Relax in livable luxury with Chatelet, a whole home collection inspired by timeless farm style antiques found in the “little castles” of Old World Europe.

Chatelet redefines rustic luxury with a vintage charm, while celebrating the authentic natural beauty and character of pecky pecan veneers. Three rustic yet soft and feminine finishes with a warm rich patina are featured in Chatelet. The wood tone finish, Caramel Froth, offers a soft amber color with a touch of aged white paint to highlight distinctive grains. A distressed aged white finish, Paris Vintage, has a ‘Boho’ frework overlay. An all-white finish, Antique Linen, is used on a few selected pieces for eclectic appeal.

Create an unforgettable setting of casual elegance with Chatelet.

## Design

Fretwork, antique mirror surfaces, inviting old world lines and rustic pecky pecan veneers exude an invitation to relax in livable luxury with the romantic allure of European farm style antiques.

## Finish & Hardware

Pecky pecan veneers are warmed by a soft amber color and a touch of aged white paint to highlight distinctive grains and moldings in the Caramel Froth finish. The Paris Vintage finish is a distressed vintage white with fretwork overlay. The Antique Linen finish is in a parchment color on our Upholstered Panel Bed, with each finish capturing the rich patina of an heirloom while bringing out the depth and character of the wood. Custom-designed, generously scaled burnished bronze drawer pulls and hardware is inspired by antiques.

## Quality from start to finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

## Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

## Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.
