

SANCTUARY

HOOKER®
— FURNITURE —

Elements

Sanctuary includes a range of styles and finishes that move easily from California villa to Chicago loft to Carolina coastal cottage.

Items may have been inspired by the Mediterranean region, while another got its inspiration from the British West Indies, Swedish countryside or urban America.

Sanctuary's eclectic finishes exude a natural, time worn patina in beautiful colors like drift, with the antique character of driftwood; dune, a neutral with a creamy, cottage feel; ebony, a hand-rubbed black to provide drama and contrast; vintage chalky white which is a gently worn dry antique paint patina with the charm of chalk paint finishes.

To further enhance the eclectic nature we give you sparkle and light and a bit of bling that is a deep rich gold accented by gold leafing.

Simple elegant hardware is inspired by artistic shapes in soft patinas and enhances each item.

Quality

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

A convenient cord clip avoids one of life's little headaches by holding phone charging cords securely in place so they don't fall behind the nightstand.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

LUXE

Sumptuous Elegant Luxury is a lifestyle category today and at Hooker we create LUXE looks with today's astute consumer in mind. Epoque, Bardot, Avalon, and Bling are all luxurious collections with an opulent point of view.... and several of our luxury collections have become a gold standard, in particular the Bling bed is a popular style statement today.
