Elements

Inspired by the Belgian design aesthetic, **Bohème** expresses the elegance of simplicity and the essence of comfort.

Lyrical and intentional, Bohème offers a subtle array of three antique gray-white finishes, speaking to Belgium's penchant for all things gray. A neutral palette of gray, blue, white and soft brown blends lyrically with an array of textures and shapes to create Bohème.

The poetic beauty of each piece is unveiled in Bohème through texture, color, piece character and artistic shapes.

Finishes in the furniture collection range from the nearly opaque Antique Milk Paint with a brush-painted effect, to two blue-toned finishes. Mercantile White is an antique gray-white on a medium sand-blasted Poplar, and Grain Sack is linen with plaster applied on top to give the look of a plaster wall. All emanate from Belgium's love affair with neutral gray palettes that many say come from the Belgian sky that is gray most of the year. The use of neutral blue tones is a requirement of Belgian design, and is expressed in Bohème through bold Merino Blue in a slate gray speckled rub-through finish, and Stonewash, an interplay of blue, white and gray on a finely textured surface.

Texture narrates a story that is woven through diverse elements. Deep, neutral, washed Belgian linen fabrics. Textural 'grain sack' linens roughly covered in plaster to evoke the feeling of plaster walls. Smooth stone that is honed rather than polished. Gleaming antique mirror. A zinc tabletop. Perforated metal in a quatrefoil pattern on a console, providing the slightest hint of industrial influence. Zen-like use of circle motifs on a wardrobe, display cabinet and accent chest.

Quality

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of case.

Fabric

Upholstered items in Bohème feature "Performance Fabrics" that offer superior stain and fade resistance, long-lasting durability and can be easily cleaned.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.

Headquartered in Martinsville, Va., Hooker Furniture employs approximately 600 people at our Virginia and North Carolina locations. Our high-fashion custom upholstery by Sam Moore Furniture is manufactured in Bedford, Va., and our upscale leather upholstery line is manufactured in Hickory, N.C. by Bradington-Young. Our designers travel the world to find artisans and craftsmen who uniquely possess the necessary skills to meet our high quality standards.

We strive to provide an accurate representation of our finishes but due to changes in lighting and printing limitations, some color variation is possible. To determine the exact color of a finish, we suggest you visit a Hooker Furniture Retailer to see the actual product.
