ARABELLA

Arabella marries two of the most pervasive home furniture trends in the last several years – industrial interiors and laid-back luxurious looks – for a result much greater than the sum of two parts. The new direction takes industrial style, which can become cold and stark, and makes it softer and more romantic by anchoring the look in classic French elements with touches of glam and sparkle.

Accent finishes include eglomise (painted mirror), textured metal and heavily waxed aluminum. All cases finished in the white finish have a luxurious heavily-waxed aluminum top for a true French industrial feel. All finishes can be mixed and curated to create the ideal industrial luxe room.

Three main finishes:

A white finish on maple veneer with crackle and champagne shimmer; a heavily-painted charcoal on oak veneer and a warm wood tone on oak veneer.

The heavily painted charcoal and warm wood finish are used together to create a two-tone look on most cases and tables where it is used.

BOHÈME

Inspired by the Belgian design aesthetic, Bohème expresses the elegance of simplicity and the essence of comfort.

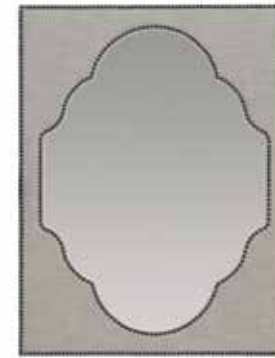

Lyrical and intentional, Bohème offers a subtle array of three antique gray-white finishes, speaking to Belgium's penchant for all things gray. A neutral palette of gray, blue, white and soft brown blends lyrically with an array of textures and shapes to create Bohème.

The poetic beauty of each piece is unveiled in Bohème through texture, color, piece character and artistic shapes.

Finishes in the furniture collection range from the nearly opaque antique milk paint with a brush-painted effect, to two blue-toned finishes. Mercantile white is an antique gray-white on a medium sand-blasted poplar, and grain sack is linen with plaster applied on top to give the look of a plaster wall. All emanate from Belgium's love affair with neutral gray palettes that many say come from the Belgian sky that is gray most of the year. The use of neutral blue tones is a requirement of Belgian design, and is expressed in Bohème through bold merino blue in a slate gray speckled rub-through finish, and stonewash, an interplay of blue, white and gray on a finely textured surface.

5750-90019-MWD Madera Bed Bench
56 1/2W x 17D x 19H

Texture narrates a story that is woven through diverse elements. Deep, neutral, washed Belgian linen fabrics. Textural 'grain sack' linens roughly covered in plaster to evoke the feeling of plaster walls. Smooth stone that is honed rather than polished. Gleaming antique mirror. A zinc tabletop. Perforated metal in a quatrefoil pattern on a console, providing the slightest hint of industrial influence. Zen-like use of circle motifs on a wardrobe, display cabinet and accent chest.

CORSICA

Like the Mediterranean island for which it is named, Corsica is a melting pot of timeless design influences with a sun washed ambience and a casual attitude. Gracefully shaped architectural forms of Italian, French and Belgian origin are accentuated by a wire brushed artisan finish with a reclaimed character.

Corsica the island is rural and laid-back, but also historic, romantic and stylish. Our Corsica bedroom collection reflects that lifestyle in an eclectic ensemble of pieces that could have been gathered from a Parisian brownstone, a Belgian farmhouse, European cottage or grand Italian Palazzo. From the coast to the heartland to the city, Corsica provides livable elegance that is casual yet timeless.

ELIXIR

Elixir is a casual contemporary collection that, like its name implies, exudes a feeling of comfort, simplicity and well-being. While Elixir has crisp, clean lines, character and visual interest are also achieved through the use of texture. Textural interest comes from the use of lightly sand-blasted walnut veneer, light texture applied to the metal elements along with a hand-carved texture added to the surface of select pieces such as the oval mirror.

ELIXIR

A serene gray beige main finish, complemented by a cool gray accent color and paired with soft champagne silver metal elements contribute to the soft modern and casual appeal. The bedroom focal point is an upholstered bed featuring a silver gray colored super-soft velvet on the headboard, with an all-around border in the carved texture and accented by a strip of the soft gray accent finish.

The main finish is a timeworn saddle brown that is paired with an anthracite black with light dusty-wax hang up to create a two-tone finish that is as authentic as the countryside from which it emanated. The accent finish was inspired by native sandstone with characteristic aged black highlights that has been quarried in the Texas hill country for centuries. The custom-crafted hardware in an aged pewter finish has shaped back plates and is inspired by hand-wrought ironworks from Texas hill country.

RHAPSODY

Our Rhapsody Collection brings together classic design elements, grand scale and a relaxed rustic finish to create an impassioned marriage of casual opulence. Exuberant scale and serpentine shapes infuse the pieces with emotion, while timeless motifs like scrolls, rope twist molding and the acanthus leaf anchor Rhapsody in old world charm. Building on the grand scale and classic European design is the defining element of the collection: a walnut-colored finish inspired by the natural yet rustic nature of reclaimed woods in beautiful patinas. Multiple wood veneers include pecky pecan, hickory, walnut, ash and maple over poplar solids, adding character through color variations, knots and striate. In addition to the standard walnut-colored finish, three accent finishes offer stylish looks such as hand painting, tipping and crusting effects over the wood grains.

WOODLANDS

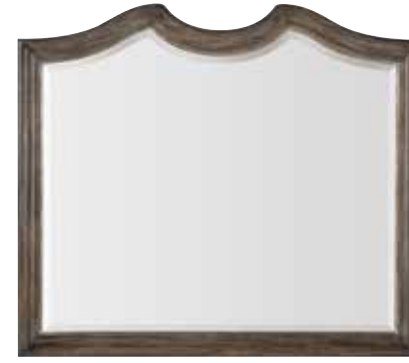

Traditional design never goes out of style. Woodlands captures the best elements of the elegant traditional styling of the great mansions of the Gilded Age and combines it with a more relaxed look that is so popular in American homes today.

Woodlands features elegant wood textures, bold moldings and carved details, using a blend of rustic oak, oak burl and cathedral primavera veneers with poplar solids.

The principal finish for the collection, Heathered Lambswool, gives a subtle nod to the gray finishes of recent years, blended with brown tones that have become predominant once again to retain a classic look and feel. Heathered Lambswool is complemented by a darker accent finish called Peppercorn that is offered on select pieces. These elements help Woodlands redefine traditional styling and deliver an "elegant informal" look that has become the American ideal.

Quality

Drawer Construction & Operation

- Full height, full depth and full width drawers for maximum storage capacity.
- All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use.
- Plywood drawer bottoms are attached to plywood drawer sides for strength and durability.
- Our top-of-the-line bedroom collections include bottom drawers on major case pieces that are cedar-lined for the aromatic benefit and preservation of clothing.
- Some night stands offer receptacles on the back of a case.

Quality From Start To Finish

Of all the aspects of wood furniture, the finish most visibly reflects its character, quality and style. While the finish is one of the last things we do, it's the first thing you see. That's why at Hooker, we utilize a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes "feel" as good as they look, with a smoothness that is delightful to the touch.

Wood & Veneer Construction

Many of our furniture items are constructed of hardwood solids and veneers or hand-painted finishes over durable wood products such as medium density fiberboard (MDF) and particle board. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture. Due to a wide variety of wood species and decorative designs used in our furniture styles, variations in construction are possible.
