SYLVIA 6038

DESIGNER COLLECTION

H | S

PVC Systems Include:

- 6 or 8 Fully directional adjustable PVC jets
- Anti-vortex saftey suction
- Color matched system trim
- HydroOzone ozone sanitation system
- Rigid PVC piping
- Self draining pump and system
- Soft Touch electronic on/off control with 30-minute integral times
- 2.25 HP single speed pump
- Cable waste and overflow
- Requires 20 Amp Dedicated GFCI

Smooth corners make this rectangular tub come alive with graceful softness. The Sylvia makes the perfect statement in design while you relax your cares away in the ultra-deep bathing well with four recessed jumbo jets in the back rest. The Sylvia also features two rotating jets and two directional jets. Soaking and Thermal Air models will not have back jet recesses. Visit http://www.hydrosystem.com for more details on our options and accessories.
