

# 30" DE SOTO VANITY

825-V30-BW

825-V30-BNM

825-V30-SL

**JAMES MARTIN**  
VANITIES

## Features and Materials

Solids: BW-Yellow Poplar;BNM-Soft Maple and Yellow Poplar

Veneers: BNM-Birch

Panels: Plywood & MDF

Installation Type: Floor Standing

Number of Basins: One, with Optional 3cm Top

Vanity Top Included: NO, Optional 3cm Tops Available with Sink

Basins Included: NO

Overflow: Yes, Front Facing

Optional Wooden Backsplash

Number of Doors: One

Number of Drawers: Two

Assembly Type: Installation of Optional 3cm Top with Sink

Storage Tray: Yes, Faux Shagreen

Drawer Box Material and Construction: 15mm Poplar/English Dovetail

Joinery Hardware Material and Finish: Zinc Alloy in Satin Nickel

Fits Drain Hole Size: 1 3/4"

Full Extension, Soft Close Glides

European Soft Close Hinges

Aluminum Laminate Drawer Liners

Adjustable Levelers

## Dimension

Width: 31-1/4"

Depth: 23-1/4"

Height: 35"

Rough-In Height: 21-1/2"

JAMES MARTIN  
VANITIES

ĖCLOS is the next generation of high-performance mineral surfaces, featuring a layered full-body integrated design and superior heat resistance. Thanks to its INLAYR technology, the production of ĖCLOS products combines minerals and recycled materials with a low-crystalline silica composition, through an advanced process of robotic engineering and integrated decorative techniques, resulting in the first collection with zero crystalline silica in its composition.

## **Ēclos Care and Maintenance**

ĒCLOS materials have been designed to offer exceptional performance and aesthetics, making them the ideal choice for bathroom countertops. However, as with any high-end material, they are not completely unalterable. To ensure its useful life and preserve its beauty, it is important to follow some basic recommendations for use and maintenance.

**Daily Maintenance:** To maintain the appearance and performance of the material, it is recommended to clean stains and residue as soon as possible with a soft cloth, neutral soap and water. Avoid water puddling on the surface.

**Cleaning:** Avoid using cleaning products, aggressive solvents, strong acids, abrasive scouring pads, as they can damage the finish and properties of the material.

Applying hot tap water, along with a soft cloth and a neutral detergent, helps dissolve greasy and stuck-on residue, making it easier to remove without damaging the surface.

**For stubborn stains, follow these guidelines:**

**Water and Lime Stains**

Neutral anti-scale products applied with wet sponge

**Other Stains**

Oxygenated cleaners with a maximum hydrogen peroxide concentration of 5.5% applied with a wet sponge.

### **Impact Resistance Defined**

Although Ēclos is durable, careful use will extend its lifespan. Handle heavy and sharp objects with care near the surface, avoiding sudden impact.

### **Heat Precautions**

Although Ēclos is designed to withstand high temperatures for short periods of time, it is not recommended that the product be exposed to sustained contact with a heat source, like curling irons. The use of a trivet is recommended in such situations.

### **UV Exposure**

Avoid direct sunlight, as it can visually alter the material over time. To fully enjoy the original design and color of Ēclos, we recommend using LED or fluorescent lighting.

# SNK-RF RECTANGULAR PORCELAIN UNDERMOUNT SINK

JAMES MARTIN  
VANITIES

ASME A112.19.2/CSA B45.1

## FEATURES:

- Designed to fit with all James Martin Vanities with a 3cm Silestone quartz top
- Sink Material: Porcelain
- Integrated overflow
- Sink shape: Rectangular with straight sides
- Sink ships in a separate carton from top and vanity
- Sink clips and hardware are not included. All mounting hardware ships with the 3cm quartz tops
- Drain included: NO
- Faucet included: NO
- Overflow cover: NO

## EXTERNAL DIMENSIONS:

Length: 19-1/2"

Width: 14-3/8"

Height: 6-7/8"

## INTERNAL BASIN DIMENSIONS:

Basin Length: 17-1/8"

Basin Width: 12"

Basin Depth: 4-3/8"

Fits Drain Hole Size: 1-1/2"

**All dimensions are nominal**
